

Heather Kufalk, from left, of Antioch, and Mary Palecek, of Trevor, Wis., show off the bike that they won — each will receive one — in the Shoe Box 4th annual Easter Egg Coloring Contest. Sam Meyers also won a bicycle. The youngster, of Bristol, Wis., was not available for the picture.

## 3 Happy Youngsters Winners Of Bicycles

Three happy youngsters today are the proud possessors of bicycles because they were artistic in coloring Easter eggs in the 4th annual decorating contest sponsored by The Shoe Box, 919 Main St., Antioch.

Named winners of bicycles in the contest were Heather Kufalk of Antioch in the 3 to 5 year age group; Mary Palecek, of Trevor, Wis., in the 6 to 9 year group and Sam Meyers, of Bristol, Wis., in the 10 to 12 year age group.

## School Election Winners

Incumbents Mildred LaPlant and Charles Maplethorpe were reelected to full terms on the Antioch Grade School Board in last Saturday's election.

Maplethorpe led the four candidates with 203 votes while Miss LaPlant received 117. Losing in the race were James Erdmann

## Fatalities Drop In Past 24 Months

Lake County Safety Commission Executive Director Jerry Klebe says though it is impossible to measure the effectiveness of a comprehensive safety program, fatal accidents have been fewer in the last 24 months compared to the previous eight or nine years.

Klebe spoke before an estimated

Gen. George Washington, praying at Valley Forge for divine help against the enemies of freedom, symbolizes the theme of Loyalty Day which will be celebrated on May 1 in Waukegan and across the country by Veterans of Foreign Wars and its Ladies Auxiliary. The parade in Waukegan will be held at 7:30 p.m. on Genesee Street beginning at the Post Office and move to the courthouse complex. A brief program will be held at the courthouse.

## Insurance News Is Good, Bad

Dick Witt, who represents State Farm Insurance in the Antioch area, today received an advance copy of the firm's year-end report.

"The news was a mixture of good and bad," Witt said. "The good news was that State Farm Mutual insured a million more cars at the end of 1968 (10,999,391) than it did at the start of the year. The bad news was that the company lost \$29.5 million doing it."

In the report from State Farm President Edward B. Rust, Witt was told that the ravages of inflation coupled with an alarming increase in the number of accidents were the causes of the heavy losses.

Though investment income of \$56.7 million permitted the company to add \$38.4 million to the policyholder protection fund (surplus), the addition was not considered adequate to match the additional risk taken on during the year. That policy protection fund now totals \$470.8 million.

State Farm Mutual reported earned premiums and membership fees of \$1,240,284,582 (up from \$1,073,220,889 in 1967). However, it was hit with the first billion dollar claim bill in its history—paying \$1,013,825,830 to settle claims in 1968. This was a jump from \$847,478,371 in 1967.

Affiliates of the world's largest auto insurance company had generally better years than their parent. State Farm Life Insurance Company neared the \$7 billion mark in total insurance in force. The final figure was \$6,897,151,760—up more than a billion from a year earlier. Some 10,000 State Farm agents like Witt around the U.S. and Canada, produced more than \$1.4 billion of new paid for insurance in 1968—the best year in history for the company.

State Farm Fire and Casualty Company increased its margin of leadership over other writers of homeowners policies by boosting its policies in force total to 2,183,508. This was 19.3 per cent above the 1967 total of 1,830,471.

Homeowners' premiums in 1968 were \$135.7 million of the \$152.1 million of total earned premium the company reported. Profit for the year was \$2,020,684—down slightly from the \$2.6 million profit of '67.

State Farm Life and Accident Assurance Company, writing only in New York and Wisconsin, closed the year with \$369,293,529 insurance in force—up about \$73 million from a year earlier.

State Farm General, which primarily writes fire and homeowners coverage on houses valued under \$8,000, had premiums of \$6.8 million—up about \$1.3 million from '67. It reported a \$25,934 loss on its operations.

State Farm County Mutual of Texas (writing only in that state) had a policy in force gain of about 2,000 during the year and written premium jumped by a half-million dollars to \$1.9 million.

## School Bond Contract Is Awarded

A low bond bid of less than five per cent interest on the \$1,675,000 building bond issue was accepted by the Antioch Community Grade School Board of Education Tuesday.

The low bid of 4.9791 per cent was submitted by John Nuveen Co. and Associates.

School district residents recently approved a bond issue referendum to construct a new upper grades building.

The board also budgeted \$35,000 as the maximum to be spent to bring sewer and water facilities to the school site from the village limits basing the allowance on an estimate submitted by the Village Engineer.

Following a discussion the board voted to direct the architects to provide for electric heating and air conditioning in the new building.

The official canvass of votes cast in last Saturday's election confirmed the re-election of Mildred LaPlant with 117 votes, and Charles Maplethorpe with 203 votes.

James Erdmann received 106 votes and Bernice K. Soladay received 54 votes.

The board re-elected Richard

ANTIOCH, ILLINOIS, THURSDAY, APRIL 17, 1969

VOL. LXXXIII. NUMBER 43

## People's Party Scores Easy Win; Record Vote

Antioch voters turned out in record numbers Tuesday to re-elect Mayor Raymond Toft and the People's Party ticket, which he headed, to office.

Toft easily outdistanced Murril Cunningham, former Antioch mayor who was attempting a political comeback, piling up a 715 to 340 vote margin.

Leading the mayor as a vote getter, however, was Marilyn J. Stierbenz, People's Party candidate for Village Clerk who scored a 728 to 320 victory over Ernest A. Westlund.

Mrs. Stierbenz, making her first appearance as a candidate, was slated by the People's Party to replace veteran Clerk C. B. Shultis who is retiring.

In the balloting for Trustee incumbents Vern (Barney) Barnstable and Robert C. Wilton were easy victors—and they will be joined on the Board of Trustees by Richard J. Daniel.

Daniel will fill the seat now occupied by Arthur Meierdick, who did not seek re-election.

Daniel polled 737 votes, Wilton 706 and Barnstable 675.

Progressive Party candidates for Trustee and their vote totals were Robert H. Bomis, 259; Einar Peterson, 243, and Arnold W. Weber, 262.

A total of 1,078 votes was cast in the election, the biggest turnout in the history of Antioch.

Straight ballots proved to be the margin of victory as 501 straight votes were cast for the People's Party and only 169 for the Progressives.

The newly elected officials will be officially installed at a special meeting of the Village Board on Tuesday, April 29 and they will assume their duties on May 1.

## Kindergarten Pupils Registration Set

Kindergarten registration for the 1969-70 school year will take place at the Antioch Grade School, 817, N. Main St., Antioch, at the Oakland Grade School, Grass Lake and Deep Lake Rd., and at the Channel Lake Grade School, Lake Avenue in Channel Lake, during the week of April 21st.

All children who will be five years old by December 1, 1969, are eligible for kindergarten.

No child will be registered unless a birth certificate is presented to the school at the time of registration. A fee of \$7.50 will be charged for each child registered.

Hours for registering will be Monday through Friday from 10 a.m. to 3:30 p.m.

## Water Rescue Unit Being Organized

A new club called the Chain O' Lakes Water Rescue Unit is now being organized. The group will be sponsored by Explorer Post No. 91 and is sanctioned by the Lake County Sheriff Department.

The group will perform general services to assure the safety of other boaters along with life saving skin diving and other emergency services.

All boats will be radio dispatched and emergency equipped. The club is in desperate need of members and marine equipment. Anyone who is 11 or older with an interest in safeguarding our lakes is eligible for membership.

They are especially interested in teenagers of both sexes. If you desire more information on the Chain O' Lakes Water Rescue Unit or would like to donate some equipment, call 395-2006 or 395-1286 or attend the meetings on Thursday nights at 7 p.m. at the Antioch Rescue Squad building.

Harlan as President of the board and Joan Toft was re-installed as Secretary.

Formal presentation of title for 50 acres of land east of Grayslake was made to the College of Lake County during a meeting of the College Board Tuesday, April 1. Making the presentation was donor of the property Paul Brandel of Chicago (center left) who hands the deed to Chairman of the Site Committee Dr. Lawrence C. Day (center right). Looking on are (left to right):

Board Chairman, James Lumber, Board Secretary and member of the Site Selection Committee, Mrs. Thelma Sandee, member of the Site Selection Committee, Mr. T. E. Paxton, and CLC President, Dr. Richard G. Erzen. The event marks the beginning of a permanent campus for the new community college, which will begin classes on the site Sept. 11.

## Acreage Donated To CLC

The College of Lake County was presented with title to the first 50 acres of a 180-acre tract that will be the permanent home of the new community college. The presentation was made during a meeting of the Board of the College Tuesday, April 1, by Paul Brandel of Chicago, donor of the property with his partner, Harold Anderson.

College president Dr. Richard G. Erzen hailed the event as the most "significant step taken to date toward establishment of the CLC campus." The formal acquisition of the land clears way for construction of interim facilities scheduled to be erected in time for September classes at the College.

Dr. Erzen describes the 50 acres as facing Druce Lake Road, just west of Rte. 45, on the east.

(Continued on page two)

## Award Sewer Work Pact

A jubilant Village Administration checked election returns and then breezed through a short, routine Village Board meeting Tuesday night.

Routine bills were approved and routine transfers of funds were approved with speed and dispatch.

The major item of business was the awarding of a contract for the installation of new sewer mains at the sewage treatment plant.

The new mains will carry sewage through a polishing pond before it is discharged into the drainage creek.

The contract was awarded to Robinson-Brock Sewer Contractors, of Gurnee, on a low bid of \$13,597.

Bids were opened two weeks ago and held over on the recommendation of Mayor Raymond Toft so the progress on the excavation work on the project could be determined.

Other bids submitted for the work were Cunningham Cartage Co., \$13,598, and Pentaville and Ferraro, \$13,803.40.

The Board approved expenses for James Krieger and Edgar Simonsen to attend a Sewer Conference in Springfield April 22, 23 and 24.

Official swearing-in of the officials elected in Tuesday's balloting was set for a special meeting called for April 29.

## Wins Scholarship

Mrs. Betty Scott of the Spanish Department of Antioch Community High School announces, with pleasure, the nomination of the Suraya Brook Scholarship winner from the current senior class at the high school.

The award of \$100.00 has been given to Tom Nickerson for outstanding scholarship, citizenship and interest in Spanish.

(Continued on page two)

## Moon Films On Tap

Congressman McClory, R-Lake Bluff, has announced the availability of a new color film entitled "De-Briefing of Apollo 8."

This educational movie records the recent journey around the moon of the three American astronauts, Frank Borman, James Lovell, and William Anders. Released through the National Aeronautics and Space Administration, this beautiful visual chronicle includes fascinating color shots of the moon's surface, photographed from an altitude of 70 miles.

In announcing his purchase of the film for free use by the 12th District residents, Congressman McClory said: "It excites the imagination to contemplate an expanded life experience to be

(Continued on page two)

## What Are Career Programs At CLC?

(7th in a series)

In an effort to better serve the District, the community college is developing a program to fill the unique needs of local business and industry while preparing a number of its students for useful occupations. This area of study, known as the Careers Program, will provide a variety of courses when classes begin September 11 at the College of Lake County.

To determine the areas of greatest priority, the Board of the Junior College called on 135 local citizens to serve on more than 15 Lay Advisory Committees. These committees, working with local business and industrial leaders, ascertained the fields in which there was greatest interest on the part of students and the most pressing need for job placement.

According to James Seitz, Assistant Dean for Career Programs, at CLC, the course of study for various careers will be of different lengths of time, depending on the complexity of the training. For example, there will be a one-year course to prepare education para-professionals, or teacher aides; and there will

be a one-year course to train as a computer operator.

"However, most of the courses will cover a two-year period. A portion of this time may well be spent in actual on-the-job experience. It will depend on the type of position for which the individuals are being trained. A good example is the Associate Degree in Nursing program, where students will be trained in hospitals in the District, as well as in CLC classrooms," Seitz said.

Seitz went on to emphasize the Careers Program at CLC is more than "vocational training." He said students in the program will participate in general college courses and will be expected to take part in the other activities of the College, such as athletics, student government and CLC campus organizations.

"The Careers Program at CLC is designed to prepare the students for a fulfilling occupation in a one-or two-year period of time. He will be taught by qualified personnel in that field, as well as regular CLC faculty. He will benefit from the college experience which he might not receive by attending the usual trade

school," Seitz explained.

Citizen's committees are assisting in program development. The Lay advisory committees' members are appointed by the Board to serve as permanent consultants in their particular field. They will continue to function as long as the course of study with which they are concerned remains on the curriculum, Seitz added.

These committees are in constant communication with business and industry to determine both current and long-range employment needs. Based on their findings, the Committees make recommendations to the College, and suggest what courses should be added or deleted as the trends indicate.

"There would be no point in training college students for occupations in which there is no current demand nor for jobs which provide very limited possibilities for advancement. We want to train them for positions in which they can find local employment, and which will provide them with a lifetime work opportunity," Seitz said.

Members of the Lay Advisory

Committees are presently engaged in employment in the particular field of study under consideration. For this reason, they are in a position to better assess future opportunities for employment.

In addition to filling the needs of recent high school graduates, the Careers Program will meet the needs of the more mature students who seek job retraining or more meaningful employment. Seitz said the College will attempt to schedule courses both during the day and evening hours to accommodate the working student.

"Where there is sufficient enrollment and facilities permit, we will schedule courses both times. This will not be possible in all cases, but we will make every effort to meet the demands of this important segment of the student body," Seitz said.

Pamphlets describing the various Careers courses being offered this year will be available through high school counselors and at CLC offices, 2615 West Washington, Waukegan.

(Next Week: CLC's Nursing Program.)

## EDITORIAL

### Crime Soars

The crime rate is on the increase and will continue to be so until our citizens decided to support their police through cooperation.

Another factor is providing the money for better training of the members of the police departments.

The fact that this is a curb toward crime is well-known despite the fact that we are too prone these days to do nothing about it because we don't like to get involved.

Startling statistics of Lake County crime during 1968 should alter that posture, however.

It is true that there were fewer rapes and murders in Lake County in 1968 than in 1967 but in every other category of crime there was an increase.

The Lake County Crime Commission points out that while murders dropped 37 per cent and forcible rape some 31 per cent, robbery increased 38 per cent.

Aggravated assault showed the biggest increase of 41 per cent while larceny hiked 22 per cent and auto theft was boosted by 3 per cent.

There was a total of 5,583 major crimes reported in the county during 1968, an increase of 27 per cent.

This was well above the 17 per cent increase noted nationwide by the Federal Bureau of Investigation.

It is time we took stock.

It is time we got behind our police department.

It is time that we did something about it.

### Pollution

Illinois voters during last November's election defeated a bond issue to — among other things — curb pollution of the air we breathe.

Maybe the voters defeated the measure because they were already overburdened with taxes. But maybe they did it because they did not understand the major problem it was trying to curb.

Each year in the United States motor vehicles, industry, incinerators, power plants, heating plants and other sources add some 150 million tons of waste materials in the air.

Damage, according to statistics, cost every man, woman and child in the country about \$65 a year.

It is a known fact that 10 per cent of all the gasoline you buy for your automobile escapes either from the crankcase or tailpipe and goes into the atmosphere unburned.

The Illinois Tuberculosis and Respiratory Disease Association notes that automobiles account for about 60 per cent of the total air pollution in the country.

Farmers, the association says, are hard hit by air pollution with the problem costing them \$500 million yearly.

So if the measure comes up again for a vote, think about the problem.

If you voted no last time, we believe it is time to change that vote.

We hope that the issue will get another chance.

We deserve it.

### Your Congressman Reports....

By Cong. Robert McClory

The Federal Constitution provides for the taking of a nationwide census every 10 years. The main purpose of this provision is to reapportion the U. S. House of Representatives to reflect the growth of the nation and the movement of population. However, this so-called "Decennial Census" has been expanded in recent years to serve many additional purposes. Indeed, census information gathered in the last census in 1960 produced a variety of statistics—quite unrelated to subjects of age, sex, color and other broad identifying characteristics.

In planning for the 1970 population count, the Bureau of the Census appears determined to adopt a comprehensive questionnaire touching upon personal information which the average citizen may not care to disclose. The proposed questionnaire includes 120 questions which would elicit information concerning (1) personal income from all sources—including alimony, pensions and investments; (2) the value of each person's property and the amount of rent paid; (3) marital status—including the number of marriages, the dates of earlier unions, divorce information and such. The lengthy questionnaire would require statements concerning (a) household appliances, (b) dishwashers, (c) television sets (d) a second home, (e) a second automobile, etc. The census taker would even inquire about the place where one's parents were born and the parents' mother tongue.

Responses to inquiries relating to this great variety of subjects would produce interesting information and would undoubtedly be of value to the Federal Government. In addition, such detailed information would be of special value to marketing research organizations as well as those who utilize their services. However, it should be emphasized that failure or refusal to answer any such personal inquiries would subject the person to a penalty of a \$100 fine or 60 days in jail, or both. Many citizens have expressed justifiable alarm at the penalties which would be imposed on citizens who are reluctant to reveal such "private" information.

Congressman Jackson Belts of Ohio has been joined by more than 100 Members of the House of Representatives in presenting H.R. 3779, a measure which would limit mandatory questions to such subjects as address, age, sex and number of persons in the home at the time of the census. False answers or refusal to answer such vital questions would invoke the severe penalties of the law. However, questions on the great variety of other subjects would be answered on a voluntary basis without the threat of criminal prosecution.

Marketing research firms which make use of the Census Bureau's statistical information are opposing the Belts bill. They argue that only 1% of the population would refuse to respond to the lengthy questionnaire if the requirement to respond is purely voluntary. They argue further that the validity of the statistics thereby will be greatly diminished. They contend that, as a practical matter, the criminal penalties are not applied, and that only two persons were fined in connection with the 1960 census, and no one was jailed.

While these arguments are persuasive, they do little to justify the census taker's individual's right of privacy. Even assurances that the census information will be kept confidential are not too convincing when it is realized that leaks of confidential information from other governmental agencies have occurred in the past.

Congressman Belts calls attention to the obvious resistance among certain urban groups to this kind of governmental inquiry. He and others regard such long, prying questionnaires as public harassment. Congressman Belts poses the following question: "Isn't the prime purpose of the census to make as complete a head count as possible, notwithstanding the desirability of counting toilets, bedrooms, TV sets and household equipment?" A bill similar to that of Congressman Belts' (limiting the mandatory provisions of the questionnaire to subjects relating to an actual head count) passed

Antioch News  
Antioch, Illinois  
To: Staff

Thank you sincerely for the fine job you did in helping us to promote interest and attention to our Antioch High School PTA meetings.

This year our attendance has been way up, the interest has been outstanding, and with the coverage your newspaper has given us, many deserving hard working citizens were acclaimed.

My sincere personal thanks, and thank you from the officers of ACHS-PTA.

I truly believe that with co-operation with you, the school system and parents, Antioch can only be bigger and better.

Sincerely,  
ACHS - PTA  
Ruth L. Clueson  
President

### Acres Donated...

(Continued from page one)  
ern edge of Grayslake. The site has been approved as a campus for CLC by the Illinois Junior College Board, Dr. Erzen said, and complies with criteria established by the board.

Just last week, plans and specifications for interim facilities were approved by the Board of the College and let for bids. To date, more than a dozen major contractors in the area have requested copies of the plans, and bids are scheduled to be open April 15.

Basically, the plans call for six buildings of approximately 10,000 square feet each. They will house classrooms, laboratory facilities, library-resource center, center for students and staff, bookstore, and administrative offices.

Dr. Erzen said these facilities will be designed to serve the College for the next five years, or until permanent buildings are constructed elsewhere on the site. The first year campus is expected to accommodate 1,000 to 1,500 students.

"The College is very fortunate to receive this site from Mr. Brandel. Not only does it represent a great financial contribution to CLC, but it is a tangible beginning of what will become a leading community educational facility. The people of Lake County owe a vote of thanks to this public-spirited man," Dr. Erzen said.

the Senate at the last session of the Congress, but failed to come up for action on the floor of the House. The issue is again pending in the present Congress and must be resolved before the Government Printing Office produces the forms for the 1970 census.

The deadline is December 31, 1969.

## ALONG THE WAY with Annie Mae

### COTILLION MEMORIES

Pants Suits and Pants Dresses were the order of the day and white seemed to be the favorite. A few I remember of the lovely ladies are Dolly McNamara, Vicki Wilton, Jan Burdick, Irene Teresi, Marilyn Sterbenz, Laura Lang, Janet Brook wore an outstanding mod outfit and the most unusual outfit was worn by Betty Mentone. Pat Wells wore unusual footwear because of a bumped toe. All in all it was an outstanding evening I wouldn't miss for anything. Food, entertainment, Edie Adams, and music were outstanding. Hugh Hefner made a brief appearance.

### GET WELL WISHES

To three year old son of the Steiksals of Indian Point, Beth Haley who is back in the hospital and Dolores Pierce's grandson who had several stitches after falling Monday morning.

Mr. M. Ryan is looking better each day at Victory Memorial Hospital.

### EASTER TRIP

Mr. and Mrs. Robert Hart of Grass Lake Road returned recently from an Easter trip to Missouri where they visited with their son who is in college at Rolla. Fran and Lee Reeder and family are back from a Missouri

### LET IT POUR

Don't forget to see PM&L's presentation of "The Rainmaker" is weekend. It promises to be a fine evening of live theatre.

### HOME ON LEAVE

John Ring, son of Mr. and Mrs. Blaine Ring is home on a 30-day leave from the Army.

### WE ALL VOTED

Congratulations to all the winners in the recent elections. It's good to see so many people exercise their right to vote, as evidenced by the record turnout this week.

X marks the spot.  
ANNIE MAE

### Moon Film...

(Continued from page one)  
enjoyed by this—and future—generations. I am pleased to invite all of you to enjoy a thrilling moment in history by viewing this color movie of man's first journey around the moon.

Any 12th District schools, church groups, civic organizations or other citizens may arrange to borrow the film thru Congressman McClory's Waukegan District Office, 328 North Genesee Street. Mrs. Hazel Badger is the District Secretary.

## G.I. Bill Students Are Eligible For Vacation

Illinois veterans attending school under the G.I. Bill can take a summer vacation without losing any of their remaining VA education and training entitlement when they return to school in the fall, John B. Naser, manager of the Chicago Veterans Administration Regional Office, reminded today.

Further, he said, if they plan to return to the same school and pursue the same course next fall, they need not apply for a new certificate of eligibility.

Mr. Naser also pointed out to the veteran hoping to find a summer job that G.I. Bill education and training allowances are not affected by the amount of money a veteran earns on his own.

Allowances are determined only by the amount of training (full-time, three-quarters, half-time) a veteran is taking and by the number of his dependents, the Chicago VA Regional Office manager said.

Veterans who may decide to continue working after summer is over and defer returning to school until next year or later were reminded that they must complete their G.I. Bill education

and training within eight years after their discharge from service or by May 31, 1974, whichever is later.

### Coeds Can Win 4-H Home Ec Scholarship

A chance to apply for one of six \$800 national 4-H scholarships is offered to coeds who plan to major in home economics in their junior year in the fall of 1969, according to the National 4-H Service Committee.

The scholarships are part of the 4-H college Scholarships Fund set up by the Cooperative Extension Service and administered by the 4-H Service Committee.

Girls interested should make application through the State 4-H office. Information also can be obtained from the County Extension 4-H office.

Applicants must have been a 4-H member for at least three years, be in good scholastic standing, and be enrolled in an accredited college or university.

Donors of two \$800 scholarships each are: The West Bend Com-

## Selective Service Questions Answered

Set out below are questions frequently asked of the Selective Service System along with appropriate answers.

**Q:** Is it necessary for a registrant who has been discharged from the Armed Forces to carry a Registration Certificate?

**A:** Yes. Within ten days of date of separation, the registrant must request his local board to issue to him a duplicate Registration Certificate. This request can be made by a letter to his local board or on a Request for Duplicate Registration Certificate or Notice of Classification (SSS Form 6) which he may file with his own or any local board.

**Q:** Why can't a person work with the Peace Corps for two years and substitute that for his two years in the Army?

**A:** Such substitution is not permissible under provisions of section 23 of the Peace Corps Act which states: "Notwithstanding the provisions of any other law or regulation, service in the Peace Corps as a volunteer shall not in any way exempt such volunteer from the performance of any obligations or duties under the provisions of the Universal Military Training and Service Act."

**Q:** Articles about college student deferments often refer to an "academic year." Please define that term.

**A:** An "academic year" which is considered in determining a registrant's eligibility for deferment in Class II-S, is the 12-month period following the beginning of a registrant's course of study.

**Q:** I am a sophomore English major and in Class II-S. There is an opportunity for me to take my junior year abroad at the University of London. May I do so and not lose my II-S while there? What procedures do I follow?

**A:** You should supply your local board with a letter which sets out your plans and a statement from your school here that academic hours of study you earn at the University of London will be creditable toward the granting of your baccalaureate degree. To retain your II-S deferment while abroad, it will be necessary for the university in London to certify to your local board that you are satisfactorily pursuing a full-time course of study at that institution. Be sure to confer with your local board on this before you leave the United States.

**Q:** They tell me I can't meet with the appeal board that will consider my case and that the board can't consider any material my local board has not seen. What can I do to emphasize my points to the people who will decide my appeal?

**A:** You may attach to your appeal a statement specifying the matters in which you believe the local board erred and may direct attention to any information in your file which you believe the local board has failed to consider or give sufficient weight.

**Q:** Because I am a medical doctor, a question has arisen as to my liability for induction. From 1957-1960, before I went to medical school, I served on active duty with the Army. Am I now liable for further special call as

a doctor under Selective Service laws?

**A:** No. Selective Service Regulations provide that a registrant who has served honorably on active duty after September 16, 1940, for a period of not less than one year in the Army, Navy, Marine Corps, Air Force or Coast Guard, will be classified in Class IV-A as a registrant who has completed service.

## Area Plumbers Will Inspect New Equipment

New products to serve the plumbing industry and the public will be introduced at the meeting of the Plumbing and Heating Contractors Association of Lake and McHenry Counties at the Ben Venue Restaurant, Libertyville, today (Thursday) at 7:30 p.m. according to Don Ariano, of Highland Park, Association President.

Representatives of the March Pump Co., of Chicago, will demonstrate a new hot water circulating pump for use in hot water heaters, according to Program Chairman L. (Ozzie) Koetz, of Zion.

Also slated for demonstration is a new garbage disposal system developed by the Maytag Corp.

"A series of new product demonstrations is being scheduled for the Plumbing and Heating Contractors Association to keep our members informed on progress in the industry so they can better serve the public," Ariano said.

## Family Services Agency Effective

Consider this problem: Mary Smith has four small children, the oldest seven years of age. Her husband is a truck driver who work day is seldom less than 10 hours. His income is modest, but he manages to keep his family together in a decent home.

Trouble strikes. Mary is involved in an auto accident that almost takes her life. The period of hospitalization drains the family's finances, and the doctor orders Mary to stay off her feet at home for six weeks.

Both Mary and her husband are beside themselves with anxiety. If he stays home to care for the children, he may lose his job. Yet Mary has no family, and his relatives live more than a thousand miles away. They ask themselves: how do we keep the family together until Mary can get back on her feet?

In many communities, public and private social agencies are providing the answer to this problem (and dozens of similar ones) by employing **HOMEMAKERS**—women who go into homes on a temporary basis and substitute for the mother when she is ill, incapacitated or absent.

One agency which is moving swiftly to develop adequate home maker services for families in Lake County is the Illinois Department of Children and Family Services, which has its district office at 4 South Genesee Street in Waukegan.

According to Barbara Rigby, homemaker services supervisor of the Department's Waukegan district, the service will be expanded as rapidly as more qualified homemakers can be recruited and trained. She invited applications from mature, friendly women of good moral character who know how to care for children and keep house. Homemakers earn \$2.00 an hour, and the Department will pay the homemaker her regular hourly wage during the training period.

Any person interested in an interview to become a homemaker should contact Barbara Rigby at the Waukegan office.

Mrs. Rigby says some of the best homemakers are mothers with grown children who want to add to their incomes by doing things they know best. After training, the homemaker is usually limited to an 8 or 9 hour day except in unusual cases. Homemakers may do any task in the home which normally would be done by the mother. This may include purchase of food, planning and preparing meals, caring for the youngsters, and performing routine household tasks, light laundry and ironing.

The service is offered to families of all races and religions provided the children are under 18 years of age. A social worker

## Duties Many For Map Department

One of the lesser known, but highly important, offices in county government is the department of maps. In Lake County the department is headed by G. M. Dixon.

Functions of the map department include: recording divisions of property; preparing copies of land divisions for distribution to other departments concerned with the assessment and collection of property taxes; preparing assessment maps; processing name changes of property owners; preparing maps for townships and the county.

During the past year Lake County had over 2,700 divisions of real property. This means a parcel divided into two or more parts. Ninety-three new subdivisions were recorded, representing 1,709 lots; 1,800 property assessments maps were revised due to changes in property boundaries; 21,600 copies of revised assessment maps were printed and distributed to various assessing authorities; 6,402 name changes of property owners were processed.

Another project of the map department is development of a permanent numbering system for the identification of real property. Eventually, if installed, this would eliminate legal descriptions on tax rolls, resulting in a further saving to the county.

Dixon described the project in a letter to the chairman of the American Congress on Surveying and Mapping. This organization, headquartered in Washington, is working on a uniform series of maps encompassing the entire United States.

supervises the homemaker placement and in some instances may provide casework services to the family.

The Department pays the homemaker's salary. If the family is financially able, they are asked to share the cost. Normally, homemaker service is considered only for families who can use the service for 90 days or less, but this period can be extended if necessary.

Mrs. Rigby says homemaker service is most in demand when the mother becomes physically or mentally ill, or when she does or deserts the family and it will take some time for the father to make other plans for the children. The service is sometimes needed when the father is taken ill and requires so much help and attention from his wife that she cannot look after the house and the children. Occasionally a foster mother must be temporarily away from the home; instead of the agency re-placing the children, a homemaker steps in to take over for a while.

According to Mrs. Rigby, the Department of Children and Family Services operates on the philosophy that the best place for a child is with his own family in his own home. Homemaker services are being expanded in Lake County by the Department to enable families faced with an emergency to stay together.

## Dairymen Will Get New Prices

A minimum order blend price of \$4.97 per hundredweight will be paid dairy farmers for Grade A milk delivered during February to plants within Zone 1 of the Chicago regional market order. Pure Milk Association has announced.

The \$4.97 applies to milk of 3.5 per cent butterfat content and is a blend of the \$5.53 per hundredweight minimum order price for Class I (bottling) milk and the \$4.23 per hundredweight for Class II (manufacturing) milk.

Although 26 cents per hundredweight higher than for February 1968, the \$4.97 is 5 cents below the January 1969 minimum order blend price for the Zone 1 area which includes the Illinois and Wisconsin territory within 65 miles of Chicago city hall, plus Milwaukee county, Wis., and Winnebago county, Ill.

February Class I (bottling) milk utilization under the order was 292,619,534 pounds or 53 per cent of the 547,404,580 pounds of milk in the pool. The \$5.53 Class I price will return producers nearly 12 cents per quart on that

## Lake Villa Woman To Be Installed

Mrs. Zelma Bechtol, Lake Villa, becomes president of the Illinois Medical Assistants Association at its 13th Annual Convention, April 18-20, in Oak Brook.

Mrs. Bechtol will be installed Saturday, April 19, by Dr. Thomas R. Harwood, Rolling Meadows, Chairman of the Illinois State Medical Society's (ISMS) Advisory Committee to Paramedical Groups. Principal speaker at the 7:00 p.m. ceremony will be ISMS President Dr. Philip G. Thomsen.

Mrs. Bechtol, office manager for Drs. E. R. Abderholden and J. J. Lorange, Antioch, served as the first president of IMAA's Lake County Chapter, which she helped to form in 1966.

In addition to her IMAA activities, Mrs. Bechtol is past president of the Lindenhurst Garden Club and the Past Worthy Matron of the Order of the Eastern Star. She has been a Lindenhurst resident for the past 11 years.

## Two Year Plates ...

(Continued from page one)  
chase of plates and decreased administrative operating expense in the Secretary of State's office will benefit the road fund by about \$10 million over a two-year period, Powell said.

As examples of reduced administrative costs, Secretary Powell said that in the second year of the registration period, there will be no cost for postage, no cost for additional personnel and no cost for printing applications.

In addition, he said, the state can collect interest for an entire year on the portion of the fees representing the second year of the period.

"Because of the current fiscal crisis facing the State of Illinois, it is incumbent upon those of us in government to devise bold, new programs to save money for the State without additional burdens to the already overburdened taxpayer," Powell said.

He pointed out that the Secretary of State's office has opposed multi-year plate proposals in the past "because it has been felt that those programs have never overcome our major objections in the field of lost revenue and administrative burdens."

"We have never simply turned these ideas down cold, but have continued to study the problem, checking throughout the country with other states who have used the multi-plate system to find out the good as well as the bad in these systems," Secretary Powell said.

"We believe our proposal enables us to grasp the advantages of the multi-plate system without encountering the many disadvantages of past plans which greatly exceeded the advantages," he said.

Secretary Powell said the two-year plate system was given a trial run for state-owned vehicles for the 1969-70 period and has proved satisfactory.

Registration for newly-acquired vehicles within the two-year period would be decreased semi-annually, Secretary Powell said.

**NORTHWOOD, N. D., GLEANER:** "Over the years there has been a continual down-grading of our ... form of government. Individual dignity and ruggedness have become submerged in collectivism, group dynamics, mass psychosis, culminating in group self-criticism ... resulting in hysterical demands for gun, legislation, campus demonstrations, defiance of law and order, destruction of public and private property ... to what end?"

For centuries the office of Postmaster General has been a political plum, often held by a friend of the President actively engaged in political maneuvers. This obviously is not conducive to efficient postal service or concentration on that goal.

portion of their milk used for bottling purposes.

The producer butterfat differential on February Milk under the order is 8 cents per hundredweight for each one-tenth of 1 per cent above or below 3.5 per cent.

The order-blend price paid Chicago regional market producers is reduced two cents per hundredweight for each 15 miles beyond Zone 1.

A superpool established by Central Milk Producers Cooperative provides funds for maintaining a standby pool, advertising and promotion, and supplies needed to meet market demand. CMPC is a group of Wisconsin and Illinois dairy farmer cooperatives, including Pure Milk Association, which supplies most of Chicago's Grade A Milk. PMA is marketing agent for the group.

# Commonwealth Edison Has Record Sales

Record electric sales of over 5.8 billion kilowatt-hours, highlighted Commonwealth Edison Company's activities in the north and northwest suburbs last year.

Les Milligan, vice-president of Edison's northern division, made the announcement in a year-end report on the electric company's local activities. The division serves over 360,000 customers in the area extending from Chicago's northern city limits to the Wisconsin state line and from Lake Michigan west through half of McHenry County.

"Sales last year in northern division increased more than 630 million kilowatt-hours over the 1967 total of 5.2 billion kilowatt-hours," Milligan said. "The 12 per cent gain posted in our area during 1968 led all other divisions in the Edison system."

The local Edison official said

heavy demand during the summer months provided a hefty boost in annual electric sales as customers used record amounts of electricity to operate air conditioners, refrigeration and other cooling devices.

Last year a record peak load was established on August 23 when electric demand for the entire Edison system reached 8,950,000 kilowatts. This compared with a previous peak of 7,643,000 kilowatts in 1967. The 1,307,000 kilowatt increase was 17 per cent higher than 1967 and the greatest gain ever recorded by Edison.

"Edison provides electric service in a 13,000 square mile area," Milligan said. "While northern division covers only about nine per cent of the company's total square mile service area, it has nearly fifteen per cent of its electric customers and kilowatt-hour sales. In 1968 the division gained over 12,000 new customers."

To service its customers better Edison invested nearly \$12 million to improve and expand electric facilities in northern division.

A major part of the 1968 construction program was the installation of 13 huge transformers at community switching centers. The combined capacity of these transformers is equivalent to the power required by a city of almost 300,000 persons. The transformers are now in service

at power centers serving over a dozen communities. Among them are Arlington Heights, Des Plaines, Elk Grove Village, Evanston, Glenview, Palatine, Park Ridge, Schaumburg and Wheeling.

Edison also continued its program of upgrading distribution lines throughout the division. Nearly 95 miles of lines were tripled in capacity from 4,000 to 12,000 volts to provide for customers' future requirements. The stepped-up distribution system has been extended to almost every section of the division.

"By the end of this year we estimate that we will be serving an additional 13,000 to 14,000 customers in northern division," Milligan said. "To meet the booming power demand of Edison customers we plan to spend about \$12 million in 1969 on new construction."

Milligan noted that late last year the Atomic Energy Commission issued construction permits for the utility's Zion station, about 40 miles north of the Loop on Lake Michigan. Zion, with its twin 1.1 million kilowatt nuclear units, will be one of the largest nuclear stations in the nation. Its first unit is scheduled for service in 1972 with the second unit to go on the line a year later.

"Zion will considerably strengthen the power supply system serving northern Illinois and the midwest," Milligan said. "When

both its units are in operation, electricity from Zion will be fed into a massive power grid that serves all of Edison's nearly 2½ million customers."

## School Election ...

(Continued from page one)  
with 106 votes and Bernice Soladay with 54.

In Lake Villa incumbent John Chmelir lost his seat on the board as he was beaten by Ernest Garcia, who outdistanced both Chmelir and incumbent Fred Teltz in a three-way race for two full-term seats. Garcia had 149 votes; Teltz, 148 and Chmelir, 130.

There were no contests in the Antioch High School board election as incumbent Robert Denman and newcomer August Costoff, both unopposed, were elected for three-year terms.

At Grass Lake, Henry Nohava and John Steitz are the two new board members as they were unopposed for election. Nohava received 37 votes and Steitz 31.

## Goeds Can Win ...

(Continued from page two)  
pany, Sunbeam Corporation, and the S&H Foundation, Inc. S&H also provides county, state and national awards in the national 4-H Home Improvement program in which nearly 200,000 youths between 9 and 19 years old are enrolled.

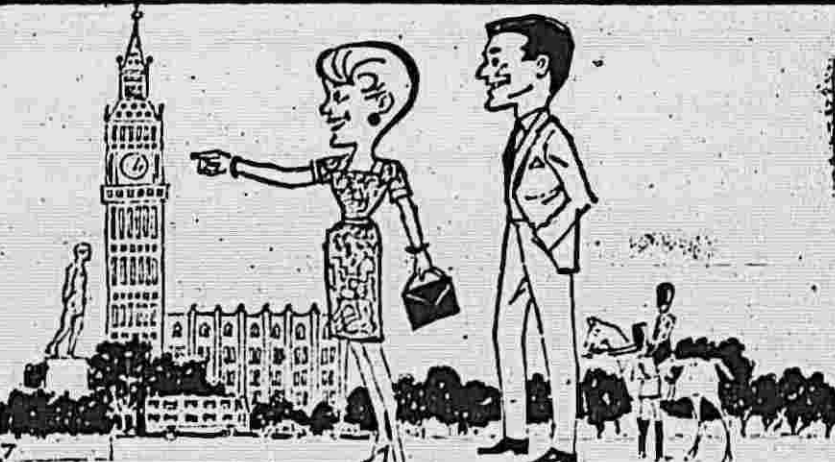

The state finalist's 4-H and scholastic records will be judged early in November. Winners will be announced by the Extension Service during the National 4-H Congress held in Chicago, Nov. 30 through Dec. 4.

## Fatalities Drop ...

(Continued from page one)  
ed-14,000 elementary students in Lake County schools last year and made numerous appearances before high school driver training classes. Asked whether the younger drivers are setting a better record as a result of formal training, Klebe said, "The older drivers' still have fewer accidents."

Another area of concern is the motor vehicle itself. The safety director quoted statistics compiled as a result of a survey during the summer of 1968 which showed that over half the vehicles on the road have some mechanical fault. He says a bill for mandatory safety inspections of vehicles has been introduced in the Illinois General Assembly and may have a chance of passage this year.

# What's new, coffee cup? A kitchen counter that cooks. Electrically, of course.

On the level. A sleek stretch of tempered ceramic is the newest electric range. Only its temperature dials give it away.

It looks like a counter, but it cooks like a range. So where is the heat? Under the tempered ceramic surface. That's its marvelous advantage. Comes clean-up time, all it takes is once-overlightly with a sponge.

First the oven that cleans itself. Now, a counter that cooks, and keeps cleaning simple. Where do these great ideas come from? Where else?

Commonwealth Edison Company

## St. Peter's Mothers' Club Organized

Mothers of children attending St. Peter's school have recently formed a Mother's Club. The first meeting was held on March 27, and the officers elected were: Mrs. J. Mihovilovich, president; Mrs. R. Proctor, vice president; Mrs. R. Kessler, treasurer; and Mrs. R. Corso, secretary.

Also elected that night to various committees were: Mrs. J. Grippando, membership; Mrs. W. Carney, publicity; Mrs. B. Gutowski, ways and means; Mrs. G. Dowell, hospitality; and Mrs. P. Eckart, room mothers. Membership is growing and mothers of former students are welcome to join.

Plans for a Smorgasbord Dinner on May 14, have already been set to motion. There will also be roller skating until 9:30 that night for those attending the smorgasbord. The dinner will be served from 6:00 to 8:00 p.m.

For further details contact Publicity Chairman Mary Carney at 395-3594.

## On Deans List

Mr. and Mrs. Bruce R. Dalgaard, of 207 W. Columbia St. in Champaign, Ill., formerly of Antioch, have been named to the Dean's List for the fall semester at the University of Illinois (Urbana).

The Dalgaards were married in August and since then they have resided in Champaign. At the present time they are student teaching at Champaign Centennial High School.

Bruce will graduate this June with a B.A. Social Studies and will attend graduate school during the summer session on a full scholarship. His wife, Kathleen, will graduate in August with a B.A. in English Education. Both are planning to enter the teaching profession in the fall.

## Women's Club Tours 'Mart'

On April 8 approximately 25 members and guests of the Antioch Woman's Club, 10th District, Illinois Federation of Women's Clubs, traveled to Chicago by bus to tour the merchandise Mart.

They saw the latest in carpeting, furniture and accessories. Luncheon was at Henrici's Restaurant.

The next meeting will be April 21 at the Scout House at 1 p.m. The board will meet at 12:15 p.m. The program will be presented by Rosemary Sauers and is entitled "Thurber Reads Thurber."

Mrs. Sauers is the daughter of

Rosemary Sauers

the late humorist James Thurber, perhaps best known as a cartoonist and writer for the New Yorker magazine.

The Hostess Committee will be Mesdames O. W. Turner, William McCaw, Henry Ruck, C. F. Spiering, Gregory E. Toole, Stewart Olson, Irving Elms, and Mildred Tobieski.

## Social Notes

By Del Jahneke

The Bernard Stadick family crowded many activities into a four day trip and visit to see Bernie's brother, the Ronald Stadicks, at Springfield, Va. They were impressed with the gravesites of the late President John Kennedy and Senator Robert Kennedy at Arlington National Cemetery. Due to a drenching downpour, they canceled their plans to see the Tomb of the Unknowns, now "eternally lighted" by the National American Legion. However, they did manage to visit the U. S. Stables, and see Blackjack, the rideless horse in the Kennedy's funeral cortege. While in that vicinity the Stadicks toured the U. S. Naval Museum, seeing replicas of ships, submarines and all kinds of sea-faring equipment from the late 1700's to the present time. They explored old Fort Washington on the Potomac River, and saw one of President Nixon's two yachts, the "Julie." On their sightseeing agenda, was the Capitol, the White House, Washington Monument and the Lincoln Memorial. Considering that the Stadicks drove the round trip, they packed as much pleasant visiting and viewing historic landmarks as possible in a short Easter holiday.

The George Jahnekes of Long Beach, Calif., were Saturday guests at the senior Ed Jahneke home, Beach Grove. The brothers hadn't seen one another in 13 years. The Robert Dunlap, Jr. family and the junior Ed Jahnekes were present for the day long family reunion.

Mrs. Frank Kennedy, Sr., has just returned from a ten day visit with her son, the James Kennedy family, at Toledo, Ohio, spending the Easter season there. She flew both ways, via Milwaukee to Detroit, and commented on how beautiful Lake Michigan appeared many thousands of feet beneath the plane.

Lake Koshongong in southern Wisconsin was the scene where the Ray Rathmann family spent the previous week-end. They were guests of Mrs. Rathmann's cousin, the Herbert McCoskeys of Palatine, at their summer cottage on the lake.

Mr. and Mrs. F. A. Swenson, Deep Lake, are proud to announce the engagement of their grandson, Francis Swenson, Jr., of Milton, Wis., to Miss Sherilyn Bowring of Janesville, Wis. They will be married on October 4th. Francis is the son of the senior Francis Swensons of Milton, former Antioch residents.

By Lillian Birdsall

The future of the Antioch Moose Lodge rests in the hands of the new officers who were duly elected on Wednesday evening, April 9th. Elected to fill the chairs for the 1969-1970 term are the following officers: Governor, Jerry Kusch; Jr. Governor, Jerry Stoken; prelate, Dick Jorgensen; treasurer, Bob McDonald; 1 year trustee, Claude Anderson, and 3 year trustee, Leonard Kohl. The installation for the new officers will be held at the Antioch Moose Home on Saturday evening, April 19th. All members and their guests are invited to attend.

Arthur LaFlamme, one of the past governors, has the honor to be installing governor for the new board of officers. A gala evening has been planned for all who attend. Music for dancing will be provided by the Brylinski band and a fine smorgasbord feast will be served to everyone.

The collegians of the chapter will serve as honored escorts with Gladys Schroeder at the piano. The governor's appointees for the new term are: Bruce Borchardt, as sergeant-at-arms; Paul Schindel as assistant sergeant-at-arms; Robert Anderson, Jr., as inner guard and John Roach as outer guard. Continuing officers are Michael Phillips as trustee and chairman of the board; secretary, Arthur Andersen, and past governor, Scotty Birdsall.

An enrollment for new members for the Loyal Order will be held at the Antioch Moose Home on Saturday evening, April 19th. This is the time to put the candles on the cake in celebration of the Lodge's 20th anniversary. Only the sponsors of new members or re-enrollments can do this.

For every member that they sponsor, they will receive a candle with their name on it which will be placed on the cake in honor of the celebration. There are already five candles on the cake from last month's enrollment so that means another fifteen is needed to mark the 20th anniversary for the lodge. All members are asked to bring in their applications for this enrollment so that the lodge can complete its quota of candles needed for this occasion. The Woodstock Ritual team will perform the enrollment ceremony that will begin at 8 p.m. They hold the State's champion title at the present time, and if you want to see perfection in action, be sure to see this group. Music for dancing has been provided and a smorgasbord will be served.

A Legion get-together will take place at the Antioch Moose Home on Sunday afternoon, April 20, at 4:30 p.m. Arrangements will be made for the dinner outing which is scheduled for May. All Legionnaires and their ladies are invited to attend. A pot luck dinner will be served following the meeting.

The Women of the Moose will hold their business meeting on Thursday evening, April 17. The winner of the Mystery Box will be announced on this evening. The College of Regents committee will have their coffee break project at the Moose Home on Wednesday, April 23, starting at 10 a.m. They have planned an entertaining morning for all members who attend. A fun game will take place at the Moose Home on Thursday evening, at 8 p.m. All members are invited.

The Women of the Moose will hold their business meeting on Thursday evening, April 17. The winner of the Mystery Box will be announced on this evening. The College of Regents committee will have their coffee break project at the Moose Home on Wednesday, April 23, starting at 10 a.m. They have planned an entertaining morning for all members who attend. A fun game will take place at the Moose Home on Thursday evening, at 8 p.m. All members are invited.

The nominating committee of the Women of the Moose will meet at the home of Pat Wagner on Wednesday April 23, at 7:30 p.m. The time has come to select new officers to run the affairs of the Women of the Moose. If there are any members who would like to submit their names to fill one of the chairs, they can do at the business meeting of April 17.

## Rainbow Girls Plan Pancake Day

Antioch Assembly No. 23 Order of the Rainbow for Girls held a regular meeting Monday, April 14. Maureen Bates presided as Worthy Advisor, Mrs. Mary Bruski, as Mother Advisor.

Final plans for Pancake Day were made. It will be held at the Masonic Temple, 885 Main St., April 19 from 8:00 a.m. to 2:00 p.m.

Several girls accompanied by Mrs. Bruski attended the Scottish Rites in Chicago, April 12. The grand officers performed initiation on six candidates. The girls sat in the choir and an enjoyable time was had by all.

## CHS Students Prepare For Spring Play

"The Death and Life of Larry Benson," the dramatic offering chosen for this year's all school spring play at Salem Central High School will be presented in the CHS gymnasium Friday and Saturday, April 25 and 26. The curtain goes up at 8 p.m.

"The Death and Life of Larry Benson" is an unusual and exciting play written by Reginald Rose. Last year's presentation, "Twelve Angry Men," was also authored by Rose, one of the most powerful writers of our time.

The whole town is excited about Larry Benson's homecoming. Reported missing in action three years ago, he's now due home any moment and the town is ready to give him a hero's welcome. Friends, relatives and neighbors drop in on his excited mother (Mary Zwirgdsas), and sister (Bette Klemko), with messages and gifts. Larry's father (Don Symmonds) left his family to shift for themselves. Also, who is to tell Larry that Grace (Jan Hall) is engaged to someone else (Bill Eichelberg). Then, the father returns claiming the right to be there for the boy's homecoming. The mother is distressed and the daughter is angry.

But all is forgotten as the car pulls up in front. Larry's here! But the expected band music outside doesn't start. The young soldier (Tom Nemeth) who comes in calling out, "Mom! Dad!" is a stranger! To them all he insists he's Larry. They are amazed as they see that he knows every turn of the house. He calls Larry's old first grade teacher (Peggy Turner) by her name and reminds her of a bad mark she once gave him.

They all unconsciously become detectives, waiting for him to trip up on some detail... and he never does! He reminds Grace that when he put his class ring on her finger he bent the ring to make it fit. How could a stranger know that? After the build up of tension and drama there comes a moment of truth when all is understood and there is a powerful and moving climax. It's a play of insight into character and a memorable evening of theatre.

Tickets will be on sale at the door. Come the first night and you'll want to come back Saturday. It'll make you think.

## 'Neighbors' Meet At Legion Hall

The Royal Neighbors Olson Camp No. 459 met at the American Legion hall April 8.

A discussion as to our forthcoming card party, which will be held April 25th at the Trevor Hall at 8 p.m. Everyone welcome. Members are asked to bring prizes for the winners at cards.

Hostesses for the April 8th meeting were Pearl Anderson and Irma Hostetter. Jello, cake and coffee were served.

The next meeting of the Royal Neighbors Olson Camp No. 459 will be April 22nd. All members are asked to please come to this meeting as important business will be discussed.

## Grass Lake PTA To Hear Miss Rhan

Miss Virginia Rhan, special education social worker, will speak at the April 21st meeting of the Grass Lake School PTA in the school auditorium.

Miss Rhan will explain the functions and duties of her work and how she can help both parents and the community. The Grass Lake speech program will also be explained.

Election of officers for the coming year will be held. Mrs. Richard Cerk and Mrs. Alma Bailey will be in charge of refreshments.

Clark Weber was master of ceremonies.

The meeting will begin with a luncheon at 11:00 a.m. Gurnee Evening and West Warren Units will serve as hostesses. After luncheon, the group will view a Style Show put on by the members of the Basic Clothing Classes which recently completed their series of lessons.

A short business meeting will be held when new members of the Home Economics Council will be elected and installed. Installing officer will be Mrs. Beverly Salzman of Kankakee, a Director of the State Extension Federation.

Featured speaker of the day will be Mrs. Daniel Starck of Deerfield. Her subject is "Let's Talk About YOU", which is a light-hearted discourse with a focus on charm, poise and good grooming. Mrs. Starck helps to differentiate between fad and fashion with gentle reminders and up-to-date tips and pointers on a wide area of feminine topics from poise to hair-styling. The underlying theme is the belief that the "inner woman" must shine through in order to make personal charm a reality, that the physical aspects of grace and beauty are essential, but that true charm is a total thing that begins with self confidence and a positive attitude.

Mrs. Starck, a former president of the Deerfield Unit, is well-known for her fashion commentaries, dramatic narrations, and free lance writing. She has also taught charm classes for girls and women and addressed many women's organizations in this area. We are sure her presentation will round out the theme of the day, which is "Feminine Mystique."

Mrs. Peter Sneeshy of Gurnee is President of the Home Economics Council and will preside at the Annual Meeting.

## 'Neighbors' Meet At Legion Hall

The Royal Neighbors Olson Camp No. 459 met at the American Legion hall April 8.

A discussion as to our forthcoming card party, which will be held April 25th at the Trevor Hall at 8 p.m. Everyone welcome. Members are asked to bring prizes for the winners at cards.

Hostesses for the April 8th meeting were Pearl Anderson and Irma Hostetter. Jello, cake and coffee were served.

The next meeting of the Royal Neighbors Olson Camp No. 459 will be April 22nd. All members are asked to please come to this meeting as important business will be discussed.

## Grass Lake PTA To Hear Miss Rhan

Miss Virginia Rhan, special education social worker, will speak at the April 21st meeting of the Grass Lake School PTA in the school auditorium.

Miss Rhan will explain the functions and duties of her work and how she can help both parents and the community. The Grass Lake speech program will also be explained.

Election of officers for the coming year will be held. Mrs. Richard Cerk and Mrs. Alma Bailey will be in charge of refreshments.

Clark Weber was master of ceremonies.

The meeting will begin with a luncheon at 11:00 a.m. Gurnee Evening and West Warren Units will serve as hostesses. After luncheon, the group will view a Style Show put on by the members of the Basic Clothing Classes which recently completed their series of lessons.

A short business meeting will be held when new members of the Home Economics Council will be elected and installed. Installing officer will be Mrs. Beverly Salzman of Kankakee, a Director of the State Extension Federation.

Featured speaker of the day will be Mrs. Daniel Starck of Deerfield. Her subject is "Let's Talk About YOU", which is a light-hearted discourse with a focus on charm, poise and good grooming. Mrs. Starck helps to differentiate between fad and fashion with gentle reminders and up-to-date tips and pointers on a wide area of feminine topics from poise to hair-styling. The underlying theme is the belief that the "inner woman" must shine through in order to make personal charm a reality, that the physical aspects of grace and beauty are essential, but that true charm is a total thing that begins with self confidence and a positive attitude.

Mrs. Starck, a former president of the Deerfield Unit, is well-known for her fashion commentaries, dramatic narrations, and free lance writing. She has also taught charm classes for girls and women and addressed many women's organizations in this area. We are sure her presentation will round out the theme of the day, which is "Feminine Mystique."

Mrs. Peter Sneeshy of Gurnee is President of the Home Economics Council and will preside at the Annual Meeting.

## Area Students Are On Honor Rolls

Three Antioch area students have been named to the honor roll at Western Illinois University.

Named were Philip Emmling, 369 Birchwood Drive, Antioch; Janet Meyer, of 212 Burnett Ave., Lake Villa, and James White, 1802 Carson Drive, Lake Villa.

Named to the dean's list at the University of Illinois, Chicago Circle Campus were William Elsey, of RR 2, Box 517, Antioch, and Bradley W. Brenna, of Rt. 1, Box 149, Lake Villa.

Hostesses for the April 8th meeting were Pearl Anderson and Irma Hostetter. Jello, cake and coffee were served.

The next meeting of the Royal Neighbors Olson Camp No. 459 will be April 22nd. All members are asked to please come to this meeting as important business will be discussed.

**CHRISTIAN SCIENCE  
CHURCHES**

"What doth the Lord require of thee, but to do justly, and to love mercy, and to walk humbly with thy God?"

This verse from Micah sets the theme of the Bible Lesson-Sermon on "Doctrine of Atonement" which will be heard Sunday in all Christian Science churches.

Services are at 11 A.M., at First Church of Christ, Scientist, BEACON HILL, Rte. 173 and Harden, Antioch, Ill.

A correlative passage from the denominational textbook comments: Every pang of repentance and suffering, every effort for reform, every good thought and deed, will help us to understand Jesus' atonement for sin and aid its efficacy; but if the sinner continues to pray and repent, sin and be sorry, he has little part in the atonement, in the at-one-ment with God, — for he lacks the practical repentance, which reforms the heart and enables man to do the will of wisdom" (Science and Health with Key to the Scriptures by Mary Baker Eddy).

## Legion Auxiliary

By Del Jahneke

The annual Past President's Parley Dinner Party of the 10th American Legion Auxiliary will be held on April 30th, at the Midland Country Club near Wadsworth. Cocktail hour is from 6:00 to 7:00 p.m., with dinner served at 7:00 p.m. Reservation deadline date is April 23rd, and the reservations, with money accompanying them, should be sent to Mrs. Charles Clow, 102 Center Street, Grayslake, Ill.

After a brief business meeting, entertainment will be furnished by the American Legion Auxiliary Quartette from Twin Lakes, Wis. This singing quartette was the national winning champions in 1968 competition. Mrs. William Schultz, Sharvin Unit, Junior Past Director, is the general chairman. The Junior Past Presidents in each vicinity will handle the reservations. Mrs. Ray Rathmann of the Antioch American Legion Auxiliary No. 748 is the chairman for Antioch Unit's past president's reservations.

The 10th District Past President's Parley Groups sponsor an annual picnic for the Downey Hospital patients in August. Also, every unit's past president's parley provides small luxuries and gifts for the women patients at Downey on a monthly basis. Units throughout the state contribute to the state Past President's Parley Nursing Scholarships. Last year, fifteen girls received these nursing scholarships. The Antioch Unit is always 100 per cent in this program, stated Mrs. Rathmann.

According to Mrs. John Jones, North Chicago, District Veteran's Craft Chairman, this past president's program gives \$1,500.00 yearly for the maintenance of the Veteran's Craft Exchange, 30 West Washington St., Chicago. Mrs. Burt Anderson is the Antioch Unit Veteran's Craft Chairman.

The Past President's Dinner is always a gala affair, and it is hoped that there will be the usual large attendance, with everyone of the 22 Lake County Units represented.

Mrs. Edward Jahneke, 10th District Communications and Publicity Chairman, announces that there will be new contests conducted in radio, television and newspaper-media. The Antioch Legion and the Auxiliary's determination to stress JUVENILE DECECY over juvenile delinquency resulted in this local, state and national contest. Mrs. Jahneke emphasized that the Auxiliary is not looking for programs or articles which publicize their own activities, but is seeking to bring state and national recognition to outstanding local radio and television stations, featuring decent programs "IN THE INTEREST OF YOUTH."

This year, "Golden Mike" awards will be given under two categories in the radio-TV field. One—a Golden Mike Award to the agency and sponsors of the best series of four or more programs in the interest of youth; and Two—a Golden Mike Award to the agency or sponsors of the best television series of four or more programs "In the Interest of Youth." These awards pertain only to local radio and television stations. A "Golden Mike" plaque will be given to the radio and TV stations airing the winning series in each contest. A Golden Mike Certificate will be given the winning series in each department. There are also national awards.

The National Communications Committee has just initiated the new Golden Press Award to the best local newspaper in the interest of youth, and a Golden Press Award for the best feature articles, not to exceed three, in the interest of youth. A National Press Award will be given the winning newspapers in each state. Entries for all awards must be material printed between May 1, 1968 and May 1, 1969.

More detailed information should reach District and Unit Communications Chairmen in the near future, regarding this latest project. Mrs. Jahneke is the Antioch Unit Communications Chairman, too.

## Rainbarrel Will Measure Rainfall

Do you like contests and guessing games? PM&L has a rain barrel located at the State Bank of Antioch and invites you to guess how many cubic inches of rain water the Rainmaker will have to make to fill the rain barrel.

The winner of this contest will be given a free ticket to PM&L's April 25th performance of the three act romantic comedy, "The Rainmaker."

## ACHS Final PTA Meeting

The Spring Meeting of the Antioch Community High School P.T.A. was held April 2nd and had many interesting and enjoyable features.

Rev. L. H. Messersmith of Millburn gave the invocation, relating the events leading to Easter, the Easter Story, then relating the entire event to contemporary life. The Color Guard, under the leadership of Captain Sue Toman presented the colors. Mrs. Robert Gross read the minutes and Mrs. Richard Burnette gave the treasurer's report.

Warren Polley read the names of the Scholarship winners, the first place Rev. Wallace Anderson Scholarship went to Ed Jennrich who plans to attend Iowa State University in Ames, Iowa. The second place scholarship will go to Jerry Martin who will attend Valparaiso, unless he is successful in obtaining an appointment to West Point. If Jerry is successful in his West Point attempt, the alternate to his scholarship is Heather Hunley who plans to attend the University of Illinois. These students are picked with many considerations, among them leadership, scholarship, activities, etc.

Mrs. Louise Camp and her hospitality committee served the young people and guests ice cream, doughnuts and coffee. The program for the evening was a tour of the Industrial Arts Department, and a slide film showing what advantages are offered to the young people in this program. The Home Economics Department was opened to the PTA and all who attended enjoyed the program, and to continue with ENJOY, ENJOY, the Fine Arts Department put on student written skits, improvisations and a delightful evening was had by all.

The officers of the PTA were installed, and this year ended. Thank you to all the residents of Antioch who made this one of the finest, most fun years a PTA ever had.

The students, faculty, and administration who cooperated and made the outstanding programs available to the parents. Much understanding was gained with such fine cooperation.

## DEATH NOTICES

### MRS. ANNA BYERS

Mrs. Anna Byers, 81 years old of East Shore Gardens Subdivision near Lake Villa, passed away at 5:00 a.m. Thursday, April 10th, at St. Therese Hospital. She was born Feb. 3, 1888 in Port Huron, Michigan, and had lived in Detroit before moving to Lake Villa three years ago.

She was preceded in death by her husband Arthur Byers in 1938. Survivors are one daughter, Mrs. Helen (Grove M.) Mears, Lake Villa, one sister, Miss Amelia Dunkel of Port Huron, Mich., one grandchild and three great-grandchildren.

Funeral services were held at the Falk Funeral Home in Port Huron, Mich., with interment in Lakeside Cemetery at Port Huron. Local arrangements were made by Strang Funeral Home in Antioch.

### PAUL JOSEPH DURACKA

Paul Joseph Duracka, Sr., 85 years old of 402 Chestnut Street, Silver Lake, Wis., passed away at 9:30 a.m. on Sunday, April 13th, in his home. He was born Jan. 10, 1884 in Austria-Hungary. He came to America in 1914 to reside in Chicago until moving to Silver Lake in 1952.

He retired in 1952 as a splitter at the Kittel Co. in Chicago where he worked as a tanner for many years. He married Anna Vleko on May 12, 1907 at Klatova Nova Ves in the country then known as Austria-Hungary, and they have been married for 62 years.

He is survived by his wife, Anna, one daughter, Mrs. Anna (Alfred) Meyers, one son Paul A. Duracka, Jr., two grandchildren and one great-grandchild, all of Silver Lake, Wis.

Requiem mass was held at 10 a.m. Tuesday, April 15th, at Holy Name Church in Wilmet. Interment was in Holy Name Cemetery at Wilmet.

### FRANCIS J. SCHMIDT

Francis J. Schmidt, 44 years old of Felter's Subdivision, Antioch, died at 9:40 a.m. Tuesday, April 15, in Veterans Research Hospital, in Chicago. He had been ill since May of 1968.

Mrs. Schmidt was born Sept. 4, 1924 in Chicago and resided there until 10 years ago when he moved to Antioch.

He served in the U. S. Army in World War II. He was a member of St. Peter's Church of Antioch, also a member of St. Peter's Council No. 3800 Knights of

## Antioch High Honor Roll

Honor rolls for the fourth six weeks period for 1968-69 at Antioch Community High School have just been released, and are given below.

### HIGH HONOR ROLL

To make the High Honor Roll, a student must have 18 grade points and no grade lower than a "B". An asterisk will identify the names of those who earned a straight "A".

#### Seniors—

Bonnie Bobzien, Jim Carlson, Fred Fettingler, Heather Hunley, Christine Johnson, Kathleen Meyer, Thomas Nickerson, Tom Radke, Marilyn Radke, Pamela Stewart, Valerie Strom, Susan Toman, Robert Valentine, Kathleen Weber, Terry Wells, Carol Westlund.

#### Juniors—

Deborah Chandler, Barbara DeYoung, Barbara Druse, Theodore Gruszczek, Robert Hunt, Wendy Jensen, Linda Lance, David Longly, Kathleen Mallory, Pamela Martz, Thomas Nielsen, Alana Nelson, Rick Nelson, Louis Nielsen, Ronald Ozga, John Prossie, Frank Raynak, Cheryl Reckers, Jennifer Stockstill, Thomas Tossey, David Turner.

#### Sophomores—

Geraldine Boesenberg, Carol Boreen, Bruce Carlson, Daniel Carrick, Kathleen Chase, Mary Dowell, Dawn Ellis, Charles Geist, Eve January, Claudia Kinast, William Lahli, Patricia LaPar, Janet Lemcke, James Moore, Michael O'Neil, Heather Petty, Janet Polsgrove, Janice Radke, Susan Severson, Linda Soland, Bryan Sorensen, Terry Stewart, Debra Toft, Betty Valentine, Diane Vos, Elaine Wells, Kathleen Wurster.

#### Freshmen—

Joanne Apostol, Vera Baewyn, Krista Barlow, Charles Bloom, Fred Bobzien, Cheryl Golonka, Brian Hallwas, Jennifer Hotchkiss, Linda Kanka, Kathleen Kozol, Paul Lemcke, Nicolette Modabar, Patricia Mohar, Sharon Morgan, Gail Muehbach, Candace Nelson, Martin Phillippi, Marianne Pleviak, Barbara Polsgrove, Sharon Prange, Kenneth Sterbenz, Cary Vistain, Linda Withner, Karen Yopp.

### HONOR ROLL

To make the Honor Roll, a student must have 16 points and no grade lower than a "C".

#### Seniors—

Diane Baginski, Irving Barthel, Jane Bick, Roger Bocox, Dennis

Columbus. He belonged to the Paperhandlers Union, Local No. 2. He worked as paper handler for the Chicago Tribune for 18 years.

He married Rita Zalaszewski on March 4, 1951 in Chicago.

Survivors are his widow, Rita, four daughters, Patricia, Carol, Mary, Therese, all at home, and one son, Francis, Jr., at home; and one brother, Robert Schmidt, Sr., of Salem, Wis.

A funeral mass will be held at 10 a.m. Saturday in St. Peter's Church in Antioch. Interment will be in Mt. Carmel Cemetery, Antioch.

Friends may call at the Strang Funeral Home in Antioch, after 7 p.m. Thursday. Parish prayers will be held at 8 p.m. Thursday and Friday.

## Get Your Power Mower Ready For Spring

This modern suburban husband will find operating his electric lawn mower not only faster this year but safer: he has read his use and instruction manual and performed the few tasks necessary for springtime "get ready."

Power mowers, either gasoline or electric, require close attention to cleanliness if they are to give top performance. Sunbeam engineers, designers of both types, say in their manual. Gasoline engines should be drained, wiped dry, and refilled with fresh fuel at season's start and occasionally during the long summer. The spark plugs should be checked occasionally and crank case oil should be drained before the season and at least once during the summer. Homemakers

Boer, Sheryl Bury, Beverly Caloway, David Camp, Gary Doolittle, William Dow, Harry Feldmann, Patricia Gortitz, Linda Herman, Katherine Hermanek, Diane Hunt, Nancy Jenkins, Edward Jenrich.

Victor Lahti, Susan Lazansky, Gordon Liptow, Mary Luof, Jerry Martin, Rita Mirocko, Elizabeth Moore, Allen Murrie, Linda Petersen, Denis Pleviak, Matreen Rooker, Jacquelyn Schwanbeck, Robert Scroggin, David Toft, William Weeks, Donna Yopp, Paul Yuska, Debra Zeason.

#### Juniors—

Holly Bartlett, Karen Beever, Ainsley Brook, Kathleen Bye, Donald Carlson, James Dayton, Denise Fowles, Linda Frad, Thomas Gilliland, Michael Griffin, Barbara Hagen, Carole Hanson, Rosina Hellstern, Patricia Hollimon, Diane Jensen, Sue Kerrigan, Sally Krieger, Gary Lischewski, Julia Martin, Jody Meier, Judy Mireux, Avis Minger, Sonja Nelson, Laura Oledahl, Cheryl Pincombe, Donald Rush, Karen Schleusener, Michael Schneider, Stephen Smouse, Lester Surrock, Michael Temple, Sherry Thompson, Karen Walker, Kathryn Winkler.

#### Sophomores—

Alain Bednar, Joel Bliss, Robert Blue, Renee Bobzien, Carol Bukas, Linda Carter, Paula Chipman, Robert Cichon, Garry Dayton, Janice Doolittle, Jill Fischer, Robert Gross, Donna Hanson, Andrea Janosko, Gary Kneip, Carl Knutson, Linda Koch, Denise Kolar, Edwin Krupo, James Miller, Lynn O'Meara, Robert Osmond, Kathleen Pav-

## Scholarship Program Announced

Officials of FS Services, Inc. announced today that FS and the Illinois FS member companies will sponsor the 1969 awards program in the annual state 4-H Club X-Tra Yield activity. The announcement was made at the company's home office in Bloomington.

Members of 4-H Clubs throughout the state participate in the activity each year, trying to grow the highest yield possible in five acre plots of corn and soybeans. Each year, FS awards a wristwatch to the producers of the highest yield in each of six districts in the state in the two divisions of the contest, and presents a large trophy to the two overall winners.

In addition to the awards based on yield, scholarship awards in the amount of \$150 each are presented to the 4-H participants in each district with the best overall 4-H Club programs.

The awards program is conducted each year by FS in cooperation with the University of Illinois College of Agriculture Extension Service. Winners of the awards are named each year at a special banquet on the University campus in January.

Members of 4-H clubs in Illinois are invited to contact their county extension advisor for information on entering the activity.

lowski, Barbara Pfisterer, Kenneth Frible, Barbara Parsons, Mary Romaine, Deborah Santi, Margaret Saran, Alice Scanlan, Timothy Schremser, Bruce Shostak, Richard Small, Donna Solup, Priscilla Strahan, Mary Wilson, David Yuska.

#### Freshmen—

Robert Beever, Hugh Beattie, Christianne Bethley, William Burns, Doug Camp, Christine Chase, Dianna Dyer, Mariam Edlmann, Beverly Edwards, Dave Fettingler, Karen Foszez, Paul Gustafson, Andrew Haber, Debra Herbert, Pamela Hunley, Kimberly Landt, Sandra Lubkeman.

Elda Minger, Carol Orbank, Douglas Palaske, Raymond Parpan, Richard Proctor, Linda Robinson, Joanne Robis, Gary Rush, Barbara Sander, Debbie Schlusser, Diane Silanoff, Joan Walker, Richard Weiss, Candice White, Peggy Wilson, Brian Zale.

## Where The Boys Are

Philip Nathan Thiele, son of Mr. and Mrs. Emanuel J. Thiele, has been in training at Fort Campbell, Ky., and Camp Dix, N. J., also at Schofield Barracks in Hawaii. Philip is home on leave now and is assigned as Chaplain's Assistant to serve in Viet Nam.

## Donations To Rescue Squad

Recent donors to the Antioch Lions Club Rescue Squad Fund include:

Earl and Gussie Pitman, Mrs. Augusta Kuchta, in memory of Rose Nielsen.

Mr. and Mrs. L. C. Scott, Mr. and Mrs. Ray L. Dowdall, Belle Hughes, Mr. and Mrs. Howard Smith, Ardes Anzinger, in memory of Hazel Sibley.

Lake Villa V.F.W. Ladies Auxiliary No. 4308, in memory of Victoria Olszewski.

Bee and Harold Solodny, in memory of Carl Woodmaster.

Lorraine A. Schroeder, in memory of Rose Rosing.

Dorothy Mazzuca, in memory

## Officials Challenges Campaign Changes

In a broadcast aired the week-end following the township elections, the Lake County Information Office said irreparable damage may have been done to the concept of government by some candidates.

Citing examples where individuals in county government were blamed for what no one individual could be held responsible for in the overall process, Information Director Dave Davis said, "Outright erroneous information was given without any basis in fact. Promises were made that no one man alone could keep."

The information director said at least one candidate implied that taxpayers were being cheated because some members of the county board are being paid for attending more than one board committee meeting on certain days.

"The County Auditor has assured me that all attendance slips are checked, regardless of how many meetings a supervisor may attend in a given day, and that no one is paid more than one per diem," Davis said. He went on to point out that members of the Liquor Commission may draw per diem for their hearings in addition to one per diem for a county board committee meeting on the same day. This was the most recent interpretation of the law by the State's Attorney.

Dr. and Mrs. W. Biron, memory of Alice Harvey.

Friends of Richard Kay.

Mr. and Mrs. Elroy Anderson, in memory of Emil Hallwas.

Mr. and Mrs. John Halvorsen and Mr. and Mrs. Russ Hoverson, Mr. and Mrs. Ed Schmid, Mr. and Mrs. Wm. Schmid, Mr. and Mrs. Arthur Andersen and Mr. and Mrs. Gordon Wells, in memory of Robert Kelly.

King's Drug Store, in memory of Rose Nielsen and Alice Harvey.

Wm. E. and Janet Brook, Mr. and Mrs. Harold Salady, Carl and Bernice Reisser, Mr. and Mrs. Joe E. Horton, in memory of Hattie Hawkins.

Carl and Bernice Reisser, Bob and Peg Webb, in memory of Jennie Hoekstra.

Mr. and Mrs. John Kokaceh, in memory of Carl Anderson.

J. Gordon Bonner, Mrs. John C. Hojem, Mr. and Mrs. Albert Dittman, Virginia Mueller, Mr. and Mrs. Charles Plesse, A-Z Rental, William and Grace Strahan.

He urged citizens to refrain from making blanket condemnations of government and public officials because this leads to an erosion of the entire system.

Davis said, "It is sad, but nevertheless true, that as human beings we are most inclined to believe the bad things we hear rather than the good, but without adequate background we are unable to separate truth from half-truth. Only an informed electorate can change the fact that county government as a whole has been badly maligned."

What are some of the services performed by county government?

In Illinois, counties are charged with: building and maintaining roads and bridges; providing space and facilities for the courts and administration of justice; maintaining a jail for detention of prisoners; keeping records of the court and vital statistics; investigating all but natural deaths; conducting elections; assessing property; collecting and disbursing tax monies to the various districts.

What are some of the services performed by county government?

Still another allusion to corruption was spread when one candidate stated the County Collector took in over \$70,000,000 in taxes last year, then asked, "How was this money spent?" Davis said this only indicates the lack of research done by that candidate who, if he had bothered to investigate, would have found that of the \$72,000,000 collected the County's share was \$5,000,000. The remainder was distributed to the 175 other taxing districts, the bulk of the money going to schools.

"The danger here," Davis said, "is that good men may be discouraged from seeking public office at a time when we most need them because what honest, intelligent, sensitive person would want to subject himself to the constant criticism being hurled at our elected representa-

tives?" He went on, "It would be inaccurate for me to say that everything in county government is right, but there is more right than wrong. We as individuals have a responsibility to government, because it is ours."

COUNTY GOVERNMENT QUIZ

From what authority does a County board receive its power to legislate ordinances?

Counties are merely geographical extensions of the State and have no inherent powers. However, counties are given jurisdiction over certain local matters, such as fixing speed limits, by authority of the State. It is the State which determines tax ceilings and requires other functions be performed.

What are some of the services performed by county government?

In Illinois, counties are charged with: building and maintaining roads and bridges; providing space and facilities for the courts and administration of justice; maintaining a jail for detention of prisoners; keeping records of the court and vital statistics; investigating all but natural deaths; conducting elections; assessing property; collecting and disbursing tax monies to the various districts.

## Milwaukee Railroad Offers Employee Kin Scholarship

The Milwaukee Road announced that its scholarship committee has received an unusually large number of inquiries and applications this year in connection with the J. T. Gillick Scholarships which the railroad awards annually to sons and daughters of employees.

By early April, 131 inquiries and 43 applications had been received, according to C. William Reiley, dean of administrative services at Northwestern University, who serves as chairman of the scholarship selection committee for the railroad. He indicated that this is a much larger number than would normally be in hand at this early date. Most of the responses are usually expected closer to the May 15 application deadline.

Since the scholarship program was begun in 1951, a total of 54 students have received the four-year awards. Two of the three scholarships given each year are for full tuition or \$600 annually, whichever is greater. The third is a straight \$600 per year award. The program honors the memory of the late J. T. Gillick, who retired in 1946 as operating vice president of the Milwaukee Road.

In the past, winners have attended large and small universities and colleges of their choice, some within the 14-state area served by the railroad and others located throughout the country. Among the schools that have been chosen by scholarship recipients are Harvard, Northwestern, Massachusetts Institute of Technology, Purdue, University of Wisconsin, Iowa State College and many others. One student received part of his education at the University of Stockholm in Sweden, Reiley said.

To qualify for application, students must be in the upper 25 per

cent of their class. Each must be the son or daughter of a Milwaukee road employee whose earnings fall within specified limits.

Although the scholarships are sponsored and supported by the Milwaukee Road, the railroad itself has no part in the selection of winners. They are chosen by a committee which, in addition to Mr. Reiley, include Charles C. Caveny, assistant to the president of the University of Illinois; Philip B. Lottich, director of student personnel at Chicago City College; and Charles D. O'Connell, dean of students at the University of Chicago.

The committee also selects two annual winners of four-year scholarships awarded by the Milwaukee Road Women's Club. Each provides \$600 yearly. Since the Women's Club started its program in 1961, it has given out 11 scholarships to students meeting the same qualifications as Gillick award applicants.

## Exercise For Heart Patient

Is a person who has suffered heart attack destined to spend the remainder of his life "taking it easy"?

To find the answer, a study—part of an eight-year research program—was conducted at the University of Illinois at the Medical Center, Chicago.

Its findings showed that limited physical activity is not only good for the heart, but if the exercise is done cautiously and regularly the muscles of the heart can regain their lost strength.

Seventeen patients who had suffered heart attacks were the subjects of a study conducted by Dr. John P. Naughton, coordinator of the Rehabilitation center at the Medical Center Campus, and Dr. Thomas Whitsett of the Oklahoma University School of Medicine in Oklahoma City. The muscular tissue of the heart had healed in each of the participating patients.

Nine members of the group being studied had life patterns characterized by sedentary habits. The remaining eight had participated in regularly supervised physical activity for a year or longer.

Drs. Naughton and Whitsett measured the time when the heart was at rest just prior to contraction. They also measured the strength and contraction time of the left ventricle when the heart was at work.

When measuring the resting, or pre-ejection periods, the study showed both the sedentary and the active groups were approximately the same. The pre-ejection period decreased in both groups of patients when they exercised.

In recording the blood ejection time of the left ventricle, the study showed both groups reacted at the same rate prior to activity of any kind.

However, a significant response was noted when both groups were measured after a period of exercise.

The sedentary group was found to experience an increase in the time the heart took to contract and eject blood. The active cardiac patients recorded measurements that were directly opposite; the left ventricular ejection time decreased.

"These findings," Dr. Naughton said, "told us that if you allow a patient to gradually increase the amount of exercise, it is possible for the heart muscle to function normally."

In the case of the sedentary cardiac patient, the heart muscle heals, but it does not perform as well as it would if the patient exercised.

The value of the study is threefold in that the findings indicate:

(1) It would be possible to discover a heart dysfunction in a person who gives no outward symptoms of having a cardiac problem.

(2) The response of the ejection time index not only is related to a patient's activity habits, but also to his underlying disease state.

(3) The strengthening of the heart muscle is enhanced in the patients who participated in a long-term program of regular, supervised physical activity.

**A FAILURE**  
A first grader received a "D" on a paper which was definitely not up to her regular standard. She told her mother, with tears in her voice, "Mother, you might as well forget it."

"Forget what, dear?"  
"Forget college. It's all off, for I'm not even going to make it through the first grade."

## Gadets Parents Will Hold Dinner

The United States Air Force Academy Illinois Parents Club is having its Annual Spring Dinner-meeting on Saturday, May 10th, at O'Hare Inn, located in Des Plaines, Illinois, at Mannheim Road (Rte. 12-20-45) and Higgins Road (Rte. 72).

Guest speaker for the evening will be the Commandant of Cadets of the Air Force Academy, Brigadier General Robin Olds.

The purpose of this meeting is to afford an opportunity for parents and their sons to learn about the United States Air Force Academy at Colorado Springs, Colorado.

The evening's activities will begin with a social hour at 6:30 p.m. The dinner will begin promptly at 7:30 p.m.

Those wishing to attend the dinner can make reservations by contacting F. D. Sullivan, 1703 Lexington Dr., Arlington Heights, Ill. 60004. The cost of the dinner is \$5.50 per person.

A feature of this particular program is that those unable to attend the dinner, may obtain special admission tickets, without charge, for General Olds' talk

## Vacation Spot Slides On Tap

The Co-Op Travel Club will hold its regular monthly meeting in Pioneer Hall, 2424 Washington St., Waukegan, on Tuesday, April 22, at 7:30 p.m.

Walter Bersic will show slides of some of his favorite vacation spots throughout the United States.

Mrs. Clifford Arlington, president, invites the public to attend. For information concerning the Switzerland-Austria-Italy Trip in July call Cray's Travel Service, MA 3-4722 or Audra Ikan, ON 2-4473.

only by contacting the aforementioned person.

General Olds graduated from the United States Military Academy and was commissioned on June 1, 1933. He was an All-American tackle at West Point in 1932.

The Ukari, the only short tailed monkey in the New World, lives in the tops of the highest trees in the Amazon basin forest. When this Red Ukari becomes angry or excited its face glows like fire.

## College Extends Campus Action

JACKSONVILLE, Ill. — MacMurray College has expanded the boundaries of its campus 90 miles southwest—all the way to St. Louis.

A group of ten MacMurray students and a faculty family have set up residence this semester in a slum neighborhood as an experiment in combined living and education.

The students will work in various neighborhood programs in St. Louis—day care centers, recreational programs, youth programs, health programs—wherever their skills and aptitudes fit and the job is available. At the same time, they will pursue their regular course of study with courses in the Humanities and social sciences, seminars and independent studies. Faculty members from the Jacksonville campus will travel to St. Louis to conduct some of these courses, while Professor Hal Krehbiel, the faculty resident, will conduct a course in Metropolitan govern-

ment. A third facet of the program will be to rehabilitate the property in which the unit is housed, and students have already painted all the interior walls and done some replastering.

A large majority of today's Americans live in cities. MacMurray College recognizing this fact of contemporary life, has instituted this new program, called the Urban Semester, to help today's college student live in the urban areas of tomorrow, and make his education relevant to the problems that beset our cities.

The initial research for The Urban Semester was financed by a grant from the Department of Health, Education and Welfare. The research team of students and faculty was headed by Dr. Robert V. Guthrie, Department of Sociology and Anthropology at MacMurray.

The present unit in St. Louis is considered a pilot project, and

## Lindenhurst News

### FIRST CHILD

Mr. and Mrs. George Thomas (Lucille) Rox, 2135 Keith Ave., Waukegan, welcomed their first child at Great Lakes Naval Hospital on April 4. He has been named Joseph William, after his late uncle. He weighed 7 pounds 12 ounces at birth.

The paternal grandparents are Mrs. Sylvia Rox of Waukegan and the late George W. Rox of Lake Villa; also Mr. and Mrs. George (Clara) Smith, of Waukegan, former residents of Lake Villa, the baby's great-grandparents. The maternal grandparents are Mr. and Mrs. Howard Fiske of rural Waukegan.

future plans will include expansion of The Urban Semester to involve more students and possibly other communities in addition to St. Louis.

Most of the bats you see flying around on summer evening are the true insect-eating bats. Consuming insects in vast quantities, they make the earth a better place to live.

## Area Librarians To Attend Opening

Area librarians and library trustees have been invited to attend the open house at the Rockford Public Library April 20, celebrating the opening of its new downtown facility. Open house hours are 12 noon to five o'clock.

The Rockford library is headquarters for the Northern Illinois Library System, of which the Antioch Township Library is a member. The system's staff, separate from the Rockford library staff, has its own work area on the ground floor of the south wing.

The open house marks the conclusion of a seven-year project undertaken by the Rockford Library to modernize and expand its main facility at 215 North Wyman Street. First step was construction of a four-level addition on the south side of the Carnegie library. After its completion the Carnegie building, erected in 1902, was stripped of all but the exterior walls and rebuilt to harmonize with the addition.

IF YOU'VE GOT THE BUG,  
WE'VE GOT  
THE CURE.

**FORD MAVERICK. \$1995**

Manufacturer's suggested retail price for the car. Price does not include: optional white sidewall tires, \$32.00; dealer preparation charges, if any; transportation charges; state and local taxes.

New Maverick's got 9 in. more shoulder room than a VW. A huge 10.4 cu ft. trunk. 105 horses to keep up on 70 mph turnpikes. Gas mileage any import would be proud of. Why settle for less anymore?

If we run out of Mavericks at \$1995....we'll sell you a late model, prime condition used Ford for even less!

THURSDAY, APRIL 17, 1969

THE ANTIOCH NEWS-7

Duane Nichols from Rockford revs up his racer.

## Fast Cars, Drivers At Races

The best known drivers and the fastest cars of the "United Drag Racers Association" will headline Sunday's races at the Great Lakes Dragway.

Leading a crack field of 220 nitro fuel dragsters are Duke Ray of Chicago driving the famous "Guzler", Fred Welchman of Milwaukee with "Telstar", Dave Powers of Dubuque, Iowa wheeling the Powers & Riley "Special", Cliff Zink of Chicago and Del-Fisher of Milwaukee driving the "Hot Rod Shop Special".

A field of 13 of the sleek nitro burners have already been entered with over 20 expected by race date.

A full lineup of late model super stocks is also on tap Sunday. Saturday's races start at 3 p.m. and Sunday's program begins at 2 p.m.

Injected gas dragsters and various other types of competition and stock cars will be racing on Saturday.

The dragstrip will again be opened for grudge racing and time runs for "Street Racers" from 6 p.m. to 11 p.m. both Saturday and Sunday.

The dragstrip is 20 miles south of Milwaukee at Union Grove, Wis.

## KK Official USAC Sanctioned Track

Clarence DeLeeuw, manager of KK Sports Arena, Kaukauna, Wis., the Midwest's largest racing center, announced that the 1/2-mile, high banked oval track will be an official USAC (United States Auto Club) "sanctioned" track for the "69" racing season.

On Sunday, June 1, KK will stage a 200-lap, championship, USAC event with a \$12,000 purse. This event will meet all USAC rules and specifications.

Forty to fifty cars are anticipated, with many "name" drivers expected. Already contacted are Roger McCluskey, Norm Nelson and Parnelli Jones, with hopes of signing A. J. Foyt.

This event is expected to be heard on radio throughout a four state area (Wis., Mich., Ill., Minn.) or 26 radio outlets in all.

Special practice for this event will be held Saturday afternoon, May 31.

Seating capacity has been increased to 12,000.

May 10, weather permitting, the regular Saturday night half-mile Late Model Stock Car Racing season will get underway. The popular Figure 8 racing will again be held, following the 1/2-mile feature event.

Opening of the dragstrip was Sunday, April 13.

The dragstrip, sanctioned by NHRA (National Hot Rod Assn.), will follow the NHRA "69" Official Rule Book.

It's easy to place a classified—Just dial 395-4111.

## Young Wins At Waukegan Speedway

Ray Young outlasted the field and a series of spectacular accidents to win the Sunday night late model feature at the Waukegan Speedway. Young drives a 1960 Cyclone. Jim Cossman finished second in the 30 lap main and also collected the special cash bonus for being the top point collector of the weekend.

Herb Artelt held the lead from the green flag and through numerous restarts until the eleventh lap when a wild series of accidents put Larry Simonsen into the lead, briefly before hitting the pit wall. Young then was in the lead for a second before Cossman came from fourth to first, but a red flag cancelled that lap.

On the restart Al Gutche's throttle stuck and he jumped the 2nd turn wall. On the next restart Young took the lead for good and held off a determined challenge by Cossman midway in the race. Dennis Burgan finished third.

Heat races in the late model division were won by Al Gutche, Dennis Burgan, and Young. The Hobby Stock heats were won by Jim Smith and Gene Diggs. Tom Reuss dogged numerous spinouts to win the feature event in front of Cora Morton and Jim Smith.

Late model super stock racing will continue at Waukegan next weekend on Saturday and Sunday night. Leading next weekend's contenders will be Heitz, Young, and Cossman who were the big winners this weekend. Also a number of new cars will be ready next week to swell the pits even further.

Feature—Ray Young, Chicago; Jim Cossman, Waukegan; Dennis Burgan, Old Mill Creek; Rich Sundling, Chicago; Al Hagerty, Libertyville; Willie Winchester, Kenosha; Dick Dornbusch, Lake Bluff.

## Little League Tryouts Saturday

Boys wishing to try out for Little League Baseball are reminded that tryouts will be held at Little League Field on Saturday April 19th.

Boys ages 9 and 10 should report from 9 a.m. to 12 noon, and boys ages 11 and 12 will work out 1 p.m. to 4 p.m.

The boys are requested to bring their gloves.

There will be a meeting of the managers and officers Monday April 21, at 7:30 p.m., for the purpose of drafting players for the teams.

## Crappies Biting In Lake Channels

Mrs. Roy Palm, of 701 Lake St., Antioch, went fishing April 9 off the channel of Lake Marie and brought in a 13 1/2 inch crappie, weighing a pound.

Crappies are in the channel and biting good all reports have it these days.

## Wildlife Movie Is Available

Congressman Robert McClory, R. Lake Bluff, has announced the availability of a new color film about migratory birds, entitled "Too Little Time."

Rated among the most beautiful photography ever made of wild life, the movie is sponsored by the American Petroleum Institute and the U. S. Bureau of Sport Fisheries and Wildlife. Presenting the habits of various migratory birds, ducks and geese, the feathered travelers are seen and heard as they go north to Canada for the summer and south to Texas and other southern points for the winter. Mating, nesting, raising of their young, foraging for food, taking off over water and landing in bird refuge areas are all depicted in this film.

Stressing the importance of conservation efforts to prevent further extinction of our wild birds—particularly those of migratory habits—the film, "Too Little Time," should be seen by children and adults.

In making his purchase available for his constituents, Congressman McClory said: "Viewing this film should inspire us to act promptly and prudently, if we are to preserve these marvelous wonders of life. We must avoid the thoughtlessness which jeopardizes the safety and lives of the great, beautiful birds of our country and of the world."

Arrangements to borrow the film may be made by any 12th District citizens, schools, church groups or civic organizations. Contact should be made with Mrs. Hazel Badger, District Secretary, Office of Congressman Robert McClory, 326 North Genesee St., Waukegan.

## Special Program To Free Streets

In a major effort to solve the growing problem of racing on the streets, the Great Lakes Dragway at Union Grove, Wis., has initiated a special program just for the so called "Street Racers." The program began Saturday, April 12, and will continue every Saturday and Sunday between 6 p.m. and 11 p.m.

This new program for "Street Racers" will be completely separate from the regular weekly racing events. The regular race programs feature nitro fuel dragsters, fuel funny cars, gas dragsters and super stocks. These events start at 3 p.m. Saturdays and 2 p.m. Sundays.

Only slightly modified and stock street automobiles may race in this new program. Anyone with a driver's license may bring their car and race against friends or just test their car for accurate speed and elapsed time. By allowing this to be done on the dragstrip, officials of the Great Lakes Dragway hope to eliminate the racing on the streets. For those who want to race, they can now do it where

# Sequoit Thinclads Ready To Defend League Title

The track season officially began March 24th with 52 boys reporting. The thinclads from Antioch are the defending conference champs. Overall the squad looks good, with some good depth, balance and the return of five lettermen.

The lettermen are sprinter Paul Yuska, also the conference champ in the 100 yard dash; Fred Koch, the versatile competitor on the squad is a discus thrower, long jumper and sprinter; Jim Olson, a 440 and 880 yard dash man; Chuck Denman, a two miler, and Rick Nelson, a pole vaulter.

The complete roster is as follows:

**SENIORS:**  
Chuck Denman, Gary Doolittle, Fred Koch, Ron Lipman, Jim Olson, Paul Yuska.

**JUNIORS:**  
Clarence Archer, Dave Breest, Bill Calloway, Don Carlson, Keith Church, Rick Nelson, Jim Polley, John Schremser, Mitch Schwanbeck, Bob Truelson.

**SOPHOMORES:**  
Jim Coia, Roland Cooper, Tom Effinger, Bill Hagstrom, Scott

Johnson, Don Koch, Bill Martin, Jim Miller, Mike O'Neill, Bob Osmond, John Pedersen.

Mike Plasienski, Marty Romaine, Rick Small, Roy Swanson, Randy Trunk, Dan Walsh, Gary Knip.

**FRESHMEN:**  
Reed Ano, Tony Baczynski, Bob Becvar, Doug Camp, John Cook, Kirk Dalggaard, Bill Gaa, Briar Hallwas, Mark Ryzsko, Bill Severson, Rick Simon, Dave Wilson, Richard Brasfield, Bob Huebner, Ernest Sperl.

Gary Doolittle will help give us balance and depth in the two mile, as will Dave Breest, a junior. Two juniors, John Truelson and John Schremser will be the hurdlers, Jim Polley will aid the squad in the shot and discus. Keith Church and Bill Calloway will add strength to the 880 yard run and mile. Two other juniors, Mitch Schwanbeck and Clarence Archer will help in the sprints and high jump.

There are several sophomores that are top rank track personnel, most of the season, they will be competing on the varsity level. They are Roland Cooper, pole

vault; Tom Effinger, high jump and mile run; Bill Hagstrom, shot put and discus; Bill Martin, miler; Mike O'Neill, 440 yard dash, Bob Osmond, miler, and Marty Romaine sprinter and long jump.

When asked about the coming season, Coach Andrews stated, "We could win the conference again, but we are really going to have to work. Lake Forest and Wauconda are loaded with talent. The men are working hard, with each passing week we are improving. By conference time we should be tough. We have one of the finest sophomore groups in the last five years, they are really going to be great. In the early season meets, against teams like North Chicago, Crown, Racine, Notre Dame and Waukegan we will be having a tough time, but this will make us strong for the conference."

The team had their inter-class track on April 5th. The sophomores won the meet. The scores are as follows:

1. Sophomores 78  
2. Juniors 72  
3. Seniors 56  
4. Freshmen 22

The Antioch Sequoits are defending champs and they have won three championships in the last four years. During the seven years Coach Andrews has been at the helm, the Sequoits were 4th his first year and the past six years the track team has been first 3 times and second 3 times.

The interclass track meet results are:

**2 MILE**  
1st, Chuck Denman (Sen), 11:18.3 2nd, Tom Effinger; (Soph); 3rd, Scott Johnson (Soph); 4, Dave Breest (Jr.).

**100 YD. DASH**  
1st, Paul Yuska, Sr., 11.5; 2nd, Mitch Schwanbeck, Jr., 3rd, Jim Coia, Soph.; 4th, Don Carlson, Jr. 880 YARD RELAY  
1st, Sophomores, 1:51.6; Seniors, 1:52.0.

**120 YARD HIGH HURDLE**  
1st, Bob Truelson, Jr., 18.7; 2nd, John Schremser, Jr.; 3rd, Don Koch, Soph.; 4, Bob Becvar, Fr.; 5th, Kirk Dalggaard, Fr.

**880 YARD RUN**  
1st, Chuck Denman, Sr., 2:31.0; 2nd, Dave Breest, Jr., 3rd, Ernest Sperl, Fr.; 4th, John Pedersen, Soph.; 5th, Dan Walsh, Fr.

**440 YARD DASH**  
1st, Mike O'Neill, Soph, 59.7; 2nd, Don Carlson, Jr.; 3rd, Dave Breest, Jr.; 4th, Rick Simon, Fr.; 5th, Bill Severson, Fr.

**180 YARD LOW HURDLE**  
1st, Bob Truelson, Jr., 25.9; 2nd, Don Koch, Soph.; 3rd, John Schremser, Jr.; 4th, Bob Becvar, Fr.; 5th, Kirk Dalggaard, Fr.

**220 YARD DASH**  
1st, Paul Yuska, Sr., 25.7; 2nd,

Mitch Schwanbeck, Jr.; 3rd, Jim Coia, Soph.; 4th, Brian Hallwas, Fr.; 5th, Ernest Sperl, Fr.

**MILE RUN**  
1st, Bill Martin, Bob Osmond, Sophs, 5:10.5; 3rd, Gary Doolittle, Sr.; 4th, Jim Polley, Jr.; 5th Roy Swanson, Soph.

**MILE RELAY**  
1st Sophomores, 4:25; 2nd Fr.

**SHOT PUT**  
1st, Fred Koch, Sr., 42' 5"; 2nd Jim Polley, Jr., 41' 2"; 3rd, Bill Hagstrom, Soph.; 4th, Rick Nelson, Jr.; 5th, Dan Walsh, Soph.

**POLE VAULT**  
1st, Rick Nelson, Jr., 11' 6"; 2nd, Rick Nelson, Jr.; 3rd, Bob Osmond, Soph.; 4th, John Cook, Freshman.

**LONG JUMP**  
1st, Fred Koch, Sr., 19' 6";

2nd, John Schremser, Jr.; Jim Coia, Soph.; 4th, Paul Yuska, Sr.; 5th, John Pedersen, Soph.

**DISCUS**  
1st, Fred Koch, Sr., 115' 9"; 2nd, Jim Polley, Jr.; 3rd Bill Hagstrom; 4th, Don Koch, Soph.; 5th, Jim Miller, Soph.

**HIGH JUMP**  
1st, Tom Effinger, Soph., 5' 4"; 2nd, Rick Nelson, Jr., 5' 2"; 3rd, Bob Osmond, Soph, 5' 0".

The results of the first two meets are as follows:

April 10th  
North Chicago 75; Antioch 52  
Frosh-Soph: Antioch 37; North Chicago 90.

April 12th  
Varsity: Crown 79; Antioch 43; McHenry 37.  
Frosh-Soph: Antioch 61; McHenry 54; Crown 44.

## BOWLING

**JIM BEAM SATURDAY, APRIL 5**  
High team series: Team No. 1: 799-778-814-2391.  
High scorer: Alan Painter, 189-202-181-572.  
Team No. 4 beat Team No. 3 all three games.  
Team No. 1 took two games from Team No. 2.

**BANTAM NO. 2 SATURDAY, APRIL 5**  
High team series: Team No. 12, 832-743-1555.  
High scorers: Ted Bolton, 154-135-289; T. Underhill 229, J. Cermak 257, K. Boidel 209, J. Raible 204, A. Porter 231, J. Davis 236, J. Fryer 211, B. Pollak 254, R. Neuroth 245, G. Neau 226, R. Cochran 262, R. Greig 200, R. Hudson 244, S. Pote 232, S. Abreau 229, D. Fesanco 227.  
Team No. 10 took 2 games from Team No. 3. Team No. 4 took two games from Team No. 1.  
Team No. 11 took two games from Team No. 5. Team No. 6 took two games from Team No. 12.  
Team No. 8 and Team No. 9 tied, one game each, and Team No. 7 and Team No. 2 tied 1 each.

**WOMEN'S THURSDAY AFTERNOON, APRIL 10**  
High team series: Kowicz Grocery Store, 1769.

## Light The Night To Fight Crime

The Make America Better program is being sponsored in this area and nationwide by the National Association of Real Estate Boards. Its broad purpose—to help all of us solve the major problems of our cities and towns.

One typical woman in New York has five locks on her door. Washington, D.C., is called the "crime capital" of the nation. Muggers, rapists, and even murderers are set free on bail and are thus free to repeat their crime. Responsible citizens cover behind locked doors and shuttered windows.

Realtors of America, members of the National Association of Real Estate Boards, determined that aroused citizens through voluntary action could reduce this rising rate of crime. In its Make America Better Program, with six objectives and 43 proposals for action, it started action to support law enforcement officers and to reverse the frightening rise in criminality.

One of the most popular of the Make America Better activities is the "Light The Night" campaign. Many of the 1,550 boards of Realtors in the 50 states have activated this proposal.

It is simple and easy and effective, in the words of L. Allen Morris, Miami, chairman of NAREB's Make America Better Committee. Residents of single-family houses are encouraged to use more light, front and back, and in dark places such as garages, to discourage the degenerate rapist and burglar.

Residents of apartments, and particularly apartment resident managers, are asked to

take part. Halls should be well lighted, locks, windows, and doors should be checked, shrubs should be trimmed so they don't provide hiding places, and garage areas should be well lighted, as part of the Make America Better project.

Some boards of Realtors have made night trips with police officers to evaluate commercial locks, doors, windows, and skylights. In one city Realtors found that nearly three-fourths of the business houses checked needed better security.

Better lighting and intelligent inspection have proved to be keys in reversing the climbing rate of crime in scores of American cities.

For more information on this timely project, contained in a free Light The Night leaflet, write to: Make America Better Program, NAREB, 1300 Connecticut Ave., N.W., Washington, D.C. 20036.

## Gas Industry Has Built In Protection

A gas-industry consumer protection program, predating governmental efforts by several decades, is cited by Northern Illinois Gas Company as an important reason why homemakers have come to expect their gas-fueled appliances will provide years of reliable, satisfactory operation.

The industry's national program—initiated 44 years ago with the creation of the Blue Star certification program—emphasizes safe operation, according to Russell J. Hagemann, of NI-Gas' test and training center, Bellwood, Illinois. Manufacturers desiring to display the American Gas Association's "Blue Star" certification seal must first submit prototypes of their appliances to A.G.A. laboratories for testing against appropriate national safety standards," Hagemann explained.

Appliances merchandised by NI-Gas undergo additional testing at the Bellwood test facility

## DRIVING FOR TRAFFIC SAFETY

by Paul Powell  
Secretary of State

Who has the right-of-way, the driver or the pedestrian? The rules are very clear and specific.

If there are no traffic control signals, drivers must always slow down or stop for pedestrians within a marked or unmarked crosswalk.

When making a turn at any intersection, drivers must yield. At stop signs, after coming

to a complete stop, drivers must yield before proceeding.

At traffic signals, after a light turns green, drivers must yield to pedestrians who entered the crosswalk before the light changed. They must also yield to persons walking with the green light or "walk" signal.

When entering a street or highway from an alley or driveway, drivers must stop before crossing the sidewalk and yield the right-of-way to all pedestrians.

Drivers must ALWAYS come to a COMPLETE STOP when approaching a blind person crossing a street or highway when that person is carrying a white cane or being guided by a dog, regardless of any traffic control sign or signal.

These are all part of the Motor Vehicle Laws and are intended to make our highways safer for everyone.

## One Good Turn May Mean Another, Says Commission

The Lake County Safety Commission, talking about turning, came up with the following four steps that they felt were necessary for doing the job safely.

1. Know where you're going and decide well in advance just where you intend to turn.
2. Get into the proper lane as soon as you can and slow down.
3. Look behind you and in all other directions for vehicle and pedestrian traffic. Wait until everything is completely clear before you make your turn.
4. Signal your intentions at least 100 feet—that's strictly a minimum and it's for slow-moving traffic—before reaching the place where you're going to turn.

Here are some other comments made by the Safety Commissioners.

"Some drivers make exaggerated swings to the left before making a right turn and to the right before making a left turn. This can confuse a guy behind you. He may think you're going to turn the way you swing and try to pass you on the side where you're really going to turn."

"Try to avoid making a 'U' turn even if you have to go around the block or otherwise out of the way to do it."

"Never assume that another driver is going to make a turn even if he's signaling that he's going to do so. Skeptics live longer."

Heed these warnings by gentlemen dedicated to your safety.

### ALL IN THE DAY'S WORK!

According to the Greensburg, Ind., Times, "The jobs facing Mr. Nixon and his administration include ending the war with the communists in Southeast Asia and elsewhere; restoring law and order in American cities; reducing the federal payroll by at least one third; restoring the dollar's value; stopping strikes that imperil the nation; make our citizens of all races, color and creeds; to lie down like the lion and the lamb; establish a fair price for farm products; stop the long-hair-and-sideburns craze; restore more visibility to girls' faces and less to their knees, and promote the general pursuit of peace and tranquility—with the fewest possible pills."

And what will he do with his spare time?

There is the old timer who worried for years about the national economy, only to find there isn't any.

## THAT'S A FACT

**JUNO STARTED IT!**  
THE WORD MONEY (AS IN U.S. SAVINGS BONDS) IS DERIVED FROM THE ROMAN GODDESS, JUNO MONETA (JUNO, THE ADMONISHER), WHEN A CHILD WAS BORN IN ANCIENT ROME, CITIZENS DEPOSITED A PIECE OF PRECIOUS METAL IN JUNO'S TEMPLE. THIS METAL WAS USED TO MINT THE FIRST COINS!

**RICH KID**  
THE YOUNGEST PERSON TO ACCUMULATE A MILLIONAIRE ESTATE WAS THE CHILD ACTRESS, SHIRLEY TEMPLE. SHE WEALTHIED IN EXCESS OF \$400,000 BEFORE SHE TURNED 10!

### THE COMING OF SPRING

The welcome freshness of the new spring season approaches. Since the beginning of time, Spring has been nature's way of reminding man that life is a never-ending process. During the spring months of March, April, May and June, as the sun rises higher in the Northern Hemisphere, the trees leave, but, crops flourish, the scent of flowers fills the air and the new young of all nature's creatures look about them with wonder at the beauty of the land and the blueness of the sky. Depending upon where

we live, our thoughts will turn to the pursuits of spring gardening, Easter bonnets, vacations, weekend treks to the coasts, mountains and lakes. One and all, we will enjoy the general state of somnolence known as spring fever that always makes its appearance after a dreary winter.

The springtime of life is now, and we should make the most of it. We should accept nature's invitation to enjoy the good things of creation, to lay aside bitterness, tension and prejudice. Spring is the time to start anew, and only the foolish will deny it.

## A gaslight turns people on.

Want to see the faces light up at your next cocktail or patio party? Install an elegant new gaslight. A gaslight turns people on with a warm glow that's friendly and flattering...even kind of romantic. (Except to insects—gaslight doesn't attract them.)

And if you really want to upstage everybody, install a new gas outdoor grill at the same time. They're available in stationary or portable models. Permanent briquettes give you that wonderful, smoky, charcoal flavor without charcoal mess. It's so easy, you'll use it all year 'round. Especially with a gaslighted patio. Incidentally, a gaslight in the front yard

isn't a bad idea, either. For beauty and protection (they're always on, whether you're at home or away). Gaslights are available in many styles...from classic coachlight to sleek contemporary. See them at your dealer's. Or phone us.

# Buy Bonds where you work.

They do.

Why do our servicemen buy **U.S. Savings Bonds**? Their reasons are the same as yours and mine: saving for the future, supporting freedom. And because they're fighting for freedom, too, maybe servicemen see the need more clearly than many of us. Buy Bonds. In more than one way, it makes you feel good.

#### New Freedom Shares

Now, when you join the Payroll Savings Plan or the Bond-a-Month Plan, you are eligible to purchase the new type U.S. Savings Notes—Freedom Shares—as a bonus opportunity. Freedom Shares pay 4.74% when held to

maturity of just four-and-a-half years (redeemable after one year), are available on a one-for-one basis with Savings Bonds. Get the facts where you work or bank.

Join up. America needs your help.

**U.S. Savings Bonds,  
new Freedom Shares**

The U.S. Government does not pay for this advertisement. It is presented as a public service in cooperation with the Treasury Department and The Advertising Council.

# SUPER SALESMAN

A newly hired traveling salesman wrote his first report to the home office. It stunned the brass in the sales department because it was obvious the new man was almost completely illiterate. Here is what he wrote:

"Dere Bos—  
"I seen this outfit which ain't never bot a dimes worth of nothin' from us and I sole them a couple humnert thousand dollars of guds. I am now going to Chicago."

Before the illiterate could be given the old heave-ho by the sales manager, this letter came from Chicago:

"I cum hear and sole them a half a million."

Fearful if he did, and fearful if he didn't fire the illiterate, the sales manager dumped the problem in the lap of the president.

The following morning the ivory tower members were amaze to see the two letters posted on the bulletin board. . . and this memo from the president above: "We ben spending two much time trying to spel-insted-of-trying to sel. Let's watch thoes sails. I want everybody shud

### COMPUTER WAS RIGHT

A midwest businessman received a computer-calculated bill from his friendly local department store for \$90.00 amount due. A month later he received a past-due notice for the same \$90.00 balance due. Determined to settle the matter once and for all, he made out a check for \$90.00, marked it "Paid in Full" and mailed it back with his card enclosed. The computer was obviously satisfied, for the gentleman received no more delinquent notices.

the Police Station, Antioch, Illinois, relative to a proposal to vary the terms of the Lake County Zoning Ordinance, or to re-classify by amendment thereto, from the CR-Commercial Recreation Zone, to the CB-Community Business Zone.

Property located at Northeast corner of Rte. 173 and Spring Grove Road, described as: Lots 36, 37, 38 and 45 in Volk Bros. Second Midlakes Resubdivision, located in the Northeast quarter of Sec. 14, Twp. 46 N., R. 9, East of the 3rd P.M., in Lake County, Illinois.

As a result of the petition of JOEL ARMSTRONG & JOSEPH C. LEKAWITCH, ET AL., which petition is on file and available for examination in the office of the below named Board, County Administration Building, Waukegan, Illinois.

All persons interested are invited to attend said hearing and be heard.

LAKE COUNTY ZONING BOARD OF APPEALS  
JOHN M. STERLEY  
Chairman

Dated at Waukegan, Illinois, this 17th day of April, 1969.
